¶1. Regarding: The Accused *Michael Willis* of the Chase Family's (hereinafter Declarant) "BRIEF IN SUPPORT OF MOTION FOR CLARITY OF SENTENCING HEARING ORDER BY DECLARED WITNESSED TESTIMONY BY MICHAEL WILLIS OF THE CHASE FAMILY"

Notice

¶2. Notice Is Hereby Given that I, *Michael Willis* of the Chase Family, The Declarant has undergone a religious conversion to a **Denizen**¹, I do not take oaths, or affirmations. *Gordon versus Idaho* 778 F.2d 1397 (1985), [The United States Ninth Circuit Judge Harry Pregerson.]¹ Psalm 116:11¹ and Romans 3:4¹.

¶3. Notice Is Hereby Given *that the* "BRIEF IN SUPPORT OF MOTION FOR CLARITY OF SENTENCING HEARING ORDER BY DECLARED WITNESSED TESTIMONY BY MICHAEL WILLIS OF THE CHASE FAMILY" *is declared witnessed solemn testimony of Michael Willis of the Chase Family by asseveration. Asseveration being the proof which Michael Willis of the Chase Family gives of the facts of what he says, by appealing to his conscience as a witness. It differs from an oath in this, that by the oath one appeals to Yahweh as a witness of the facts of what he says, and invokes Yahweh as the avenger of falsehood and perfidy (treachery or deceit), to punish him, by the courts, if he speak not the truth, which is a set up for perjury, because all men are liars. This is commonly known as an "oath of purgation" that was used in the Dark Ages to slaughter Pagans.*

¹ **Denizen** Definition: Sir Walter Scott "*Denizens of their own free, independent state*" 1912. William Blackstone, Commentaries on the Laws of England, Book 1, Chapter X, p. 374 "*A denizen is a kind of middle state, between an alien and a natural-born subject, and partakes of both.*" 1765. Gordon versus Idaho 778 F.2d 1397 (1985), -The United States Ninth Circuit Judge Harry Pregerson. "*I'm simply saying that since we've all lied in the past and we've lied once or twice today and we're going to lie in the future, why kid ourselves by saying we tell the truth when in fact we do not. It's my position I would be guilty of perjury the moment I said 'Do you swear to tell the truth, the whole truth and nothing but the truth so help you God' and I say 'I do' I'm committing a lie.*" -George Gordon. Psalm 116:11 "*I said in my haste, all people are liars*" Romans 3:4 "*May it never be! Yes, let God be found true, but every man a liar. As it is written*"

¶4. Notice Is Hereby Given that, this declared witnessed solemn testimony of *Michael Willis* of the Chase Family by asseveration. Know all these presents that Declarant, *Michael Willis* of the Chase Family does state the following: THAT *Michael Willis* of the Chase Family has personal knowledge of the facts stated herein. THAT *Michael Willis* of the Chase Family is competent to state to the matters set forth herein. THAT all the facts stated herein are correct and certain to the best of *Michael Willis* of the Chase Family knowledge, are admissible as evidence, and if called upon as a witnesses, *Michael Willis* of the Chase Family will testify to their veracity. THAT *Michael Willis* of the Chase Family states the following facts;
Constitution of “The State of Arizona” – 1912.

ARTICLE VI. JUDICIAL DEPARTMENT

¶5. “§25. Style of process; conduct of prosecutions in name of state. Section 25. *The style of process shall be The State of Arizona, and prosecutions shall be conducted in the name of the State and by its authority.*” unquote.

Introduction.

¶6. COMES NOW, The Declarant, *Michael Willis* of the Chase Family, the Accused in the above entitled and numbered cause, and respectfully moves this Court to **ORDER** hearing for the record. The motion hearing is requested to get clarity on the matter of **urinalysis testing**, as well as **Covid 19 testing, etc..** This is necessary and imperative to the smooth communication between the staff and the Accused in this case. There are many unanswered question surrounding this subject matter. There is **NO ORDER** on court record for **URINALYSIS TEST** and **NO ORDER** from Sentencing Hearing Transcript March 7, 2022, and **NO COURT ORDER** in wording of the APD Standard Condition of Probation #12 that says, “I MUST take

“BRIEF IN SUPPORT OF MOTION FOR CLARITY OF SENTENCING HEARING ORDER BY
DECLARED WITNESSED TESTIMONY
BY MICHAEL WILLIS OF THE CHASE FAMILY”

1 URINALYSIS TEST” ? This matter MUST be clarified. Where is the ORDER of the
2 COURT, and on the RECORD? See: **Exhibit A – Transcript, Exhibit B – Court**
3 **Order,**

4 ¶7. This Accused claims and demands all Rights under YAHWEH’S Scriptural Word
5 (Law), the Law of Nations, the Constitution of the United States, the Constitution of
6 The State of Arizona, and the substantive Common Law at all times, never waiving
7 any rights.

8 ¶8. *Michael Willis* of the Chase Family makes the following “**BRIEF IN SUPPORT**
9 **OF MOTION FOR CLARITY OF SENTENCING HEARING ORDER BY**
10 **DECLARED WITNESSED TESTIMONY BY MICHAEL WILLIS OF THE**
11 **CHASE FAMILY**” testimony with all my mental faculties intact and I Am in good
12 health, I Am not under the influence of drugs, nor under undue influence exerted
13 against my will and over my objections. Know all these present that I, *Michael Willis*
14 of the Chase Family, the Declarant, do state the following:

15 ¶9. The grounds for the motion are: Clarity from Honorable John D. Napper
16 regarding this matter, will assist in best efforts in dealing with one another, in **GOOD**
17 **FAITH** for the record.

18 ¶10. The First Amendment. Congress shall make **NO law respecting an**
19 **establishment of religion, or prohibiting the free exercise thereof;** or abridging the

22 ¶11. Holy Scripture Commands No Consent to blood draw. Leviticus 19:28 says:

23 “You are **NOT** to make incisions in your flesh on account of the dead

24 **NOR submit to cuts or tattoos.**

7
8 **FIRST GROUND FOR MOTION.**

9 **¶13.** The Declarant attends a private common law school, studying Courtroom
10 Strategy and Procedure, and Federal Title 42 (1983) Civil Rights Litigation, and is
11 proceeding in *Propria Persona*. It is necessary and imperative that the Declarant
12 have “ORDER” in writing, on the Record. The motion is filed to show **GOOD**
13 **FAITH.** It is the Accused purpose to avoid bad faith in this legal matter. By not
14 following through with legal obligation. It is **NOT** this Accused to give the wrong
15 impression **NOR** wrong idea to all the staff about this important legal matter. Going
16 into an agreement without the Courts clarity will serve all involved. There is **NO**
17 intent to act dishonestly in this legal situation. Declarant has already “**Specially**”
18 submitted Medical Documents to APD employee Tai Davis, in GOOD FAITH.
19 See: **Exhibit D – Code Pleading/Medical Records.**

20
21 **SECOND GROUND FOR MOTION**

22 **¶14.** This good faith honesty is my purpose, to act faithfully to my obligations,
23 observing reasonable standards of fair dealing in this legal business, there is NO intent
24 to defraud NOR seek an unconscionable advantage. I have “specially” and in GOOD
25 FAITH been in direct contact with APD employee Tai Davis. **Exhibit E – Emails.**

1
2
3 **THIRD GROUND FOR MOTION**

4 ¶15. Justice will be served meaning that the parties “**should NOT deceive each**
5 **other.**” The principle that needs recognition, is in effect the most “**playing fair**”
6 by gaining clarity from this Court regarding the meaning and intent of the Court Order
7 regarding matter of the urinalysis test requirement.

9 **FORTH GROUND FOR MOTION**

10
11 **¶16. APD – STANDARD CONDITION OF PROBATION #12**

12 **Standard Condition of Probation #12:** You are hereby directed in writing by your probation officer, to start drug
13 screenings at Averhealth, effective immediately. You must call (928) 399-4099 every day to find out if you are
14 scheduled to test. Your unique seven-digit PIN is 3372171. Averhealth's automated telephone system will inform you
15 whether you are required to test that day. If instructed to test, you must report to 1423 East State Route 89A,
16 Cottonwood, Arizona, between the hours of 11:00am and 6:30pm. It is your responsibility to pay for each drug
17 screening.

18 **APD STANDARD CONDITION #12** says:

19 *“You are hereby directed in writing by your probation officer, to start
20 drug screenings at Averhealth, effective immediately.”*

21 (Legal word “**direct**” means “**guide**”, direct or guide is **NOT A COURT ORDER**,
22 the Probation employee does NOT have the ability to infringe my rights without a
23 **COURT ORDER.**

24 **APD STANDARD CONDITION #12** says:

25 *“You **MUST** call (928) 399-4099 every day to find out if you are
26 scheduled to test.”*

27 (Legal word “**must**” means mandatory.)

28 The Declarant “**specially**” calls Averhealth every day to see if there is scheduled test.

“BRIEF IN SUPPORT OF MOTION FOR CLARITY OF SENTENCING HEARING ORDER BY
DECLARED WITNESSED TESTIMONY

1
2 APD STANDARD CONDITION #12 says:

7 *your responsibility to pay for each drug screening."*

8
9 (Legal words "**direct**" and "**instructed**" are NOT COURT ORDERS, Legal word
10 "**must**" means mandatory.)

11 I Am being **coerced** to submit to urinalysis, and there is NO ORDER from the court,
12 this **violates** my RIGHTS. The Declarant "**specially**" reports to Averhealth, but is
13 NOT "**consenting**" to "**volunteer**" RIGHTS away. Declarant MUST have COURT
14 ORDER ON THE RECORD to submit to URINALYSIS TESTING. See: **Exhibit**
15 **F – Code Pleading Probation Condition #12.**

16
17 ¶17. This court is now on notice that I DEMAND a hearing to appear before
18 Honorable JOHN D. NAPPER to receive CLARITY OF URINALYSIS TEST, in
19 writing, ON THE RECORD, *Michael Willis* of the Chase Family, does not now, nor
20 never has waived any Common Law rights.

21 ¶18. *Michael Willis* of the Chase Family, also reminds this court that he has never
22 entered a plea bargain, except under extreme threat, duress and coercion, thereby
23 granting NO jurisdiction of this Free and Natural spirit being and powerful creator
24 animating my body physical who is not a "PERSON™" to this court. The failure of
25 this court to grant this or any motion submitted pertaining to "**Rights**", denies the
26 court any jurisdiction.

28

"BRIEF IN SUPPORT OF MOTION FOR CLARITY OF SENTENCING HEARING ORDER BY
DECLARED WITNESSED TESTIMONY
BY MICHAEL WILLIS OF THE CHASE FAMILY"

FIFTH GROUND FOR MOTION

¶19. From this Accused point of view the clarity regarding the Courts Order is unclear regarding

(A.) **False positives for drug testing.** Fact in law, there are chemical compounds that dupe drug testing. In this Accused view, some drug testing “hits” do NOT interact with the target as intended. *This can lead down a rabbit hole of false drug testing results, which result in jail time for violations of probation.* Medical chemist have recognized this fact in researching selected candidates from drug screening tests pitfalls. There are common worst offenders. For the record, even pain often come up as false positives during screening drug testing. Why? Because of certain characteristics of these molecules, the molecules can interact with a drug test in nonspecific or unexpected ways. In other words, pains may come up as a hit in a drug test, which does NOT mean they actually do what the drug tests positive for. The common worst offender include compounds like quinones, catechols and rhodanines, these pain compounds dupe bioassays. Some pains have properties that cause fluoresce (they emit light) under certain conditions, such as being forced to being drug tested. For the record, bioassays detect light as a signal for positive test, this false positive result confuses the assay readout. Pain also acts as a *redox cycler* in bioassays, which produces hydrogen peroxide that blocks, and is commonly misread as a hit for drug testing. Pain also forms *colloidal aggregate*, which are clumps of molecules that interfere with the target of interest by absorbing it or modifying the molecular structure in the victim being drug tested. These clumps can even elicit a desired interaction with the target of interest because of their large size. Trace impurities left over from manufacturing can also elicit a pains response. For the record, to make

1 things even more complicated, because pains react with targets much more
2 strongly than most compounds that are a true drug candidates, pains often
3 appear as the most promising hits for screening. Scientist know that they
4 are misled by a false positive test. They are aware of the existence of the
5 effects of pains, medicinal chemist frequently remove these offender
6 compounds from from screening, because some compounds always fall
7 through the cracks. So, for the record, the drug tester god makes the
8 judgement when they show up as false positives drug use. There are known
9 compounds that have structural similarities with other known illegal drugs.
10 Supposedly, additional experiments are necessary to eliminate false
11 positive results. It is this Accused position that whoever drug tests MUST
12 be the most experienced *medicinal chemist*, who MUST be cognizant of
13 the dangers of these false positive tests. Why? To ensure that any types of
14 compounds do NOT make it to the next stage of drug discover. This
15 Accused is a retired corpsman in the Navy and Marine Corp, it is my expert
16 opinion that drug discovery is a waste of time, effort and energy that
17 ultimately leads to in-efficient drug testing, which puts this Accused in
18 harms way. From this Accused research 90% of drug testing fails clinically
19 when put under the microscope of a medicinal chemist. Attached hereto
20 and made a part hereof is **Exhibit – Random Drug Testing – False
Positive Test Concerns For Air Line Pilots**, date November 6, 1989.

21 **(B.) The Law Enforcement Growth Industry.** For the record, the facts
22 show that this country holds more people per capita in jails than the Soviet
23 Union. In realty, Citizens of America are living in a police state and are
24 completely unaware of it. *Americans recognize tyranny in other*
25 *countries, but in their own refer to it as "law and order."* However, a
26 police state is a police state, is a police state, is a police state. There must
27

1 be a solution that is simple; one that will free us from this morass of crime
2 and punishment. *Any solution must conform to our Constitution, quit*
3 *punishing the innocent, and return to punishing the guilty. THE*
4 *BENEFICIARIES OF THIS SYSTEM ARE PUBLIC DEFENDERS,*
5 *LAWYERS, JUDGES, JAILERS, PRISON GUARDS, LAW*
6 *ENFORCEMENT AGENCIES, AND POLITICAL*
7 *ADMINISTRATIONS. THEY LITERALLY THRIVE OFF OF THIS*
8 *MORASS OF CRIME AND PUNISHMENT. Crime does pay, and it pays*
9 *handsomely. How many people derive their livelihood from the law*
10 *enforcement growth industry? How many AGENCIES are created by*
11 *legislatures, city councils, and congress? EACH AND EVERY ONE OF*
12 *THESE PEOPLE ARE LOOKING FOR LAWBREAKERS TO*
13 *APPREHEND AND PUNISH IN ORDER TO JUSTIFY THEIR*
14 *EMPLOYMENT. This "Law Enforcement Growth Industry" is nothing*
15 *more than a business (law enforcement agencies) and customer (people of*
16 *the state) relationship, which always wants more customers in order to*
17 *obtain more funding. We constantly hear about all the crime being*
18 *committed, and the answer to increasing crime is more laws, more police,*
19 *more prosecutors, more judges, and more money. We never hear how they*
20 *propose to eliminate crime, prisons, jails, and jailers. The customer of*
21 *this industry is the average "Joe Citizen." It is "We The People" who*
22 *pays the bills. IT IS "We The People" WHO IS PERSECUTED IN THE*
23 *NAME OF CRIME PREVENTION. It is "We The People" who is*
24 *ENTRAPPED into committing violations of statutes by law enforcement*
25 *personnel, who are simply justifying their existence by insuring that*
26 *crime exists. There is no security in freedom. Only boundless opportunity.*
27 *There are thousands of freemen in America, NOT millions. The masses like*

1 security, welfare, limited liability, dejection in their lives. To claim this
2 Accused inalienable rights, this Accused **MUST** be compelled to defend
3 those unalienable rights on the courtroom floor. Attached hereto and made
4 a part hereof is **Exhibit – The Law Enforcement Growth Industry.**

5 **(C.) The Covid 19 Incentives Program.** Can the Court Ordered probation
6 agreement **mandate** Covid 19 testing and treatment? Can the probation
7 department **command** testing, then recommend a hospital to test, who gets
8 paid an extra \$13,000 to \$19,000 for every **positive test** result they have
9 with a patient admission. So if they test this Accused and a confirm positive
10 they get a check for \$19,000 and \$40,000 more for every patient they put
11 on a ventilator. Is this Court giving the probation department the authority
12 to schedule a hospital Covid testing, which amounts to a blank check, for
13 the hospital, in the amount of \$59,000, which incentive is used to **command**
14 this Accused to test for Covid? Is the probation department stimulated to
15 take action on behalf of the hospitals who also perform drug testing? Is
16 \$59,000 enough incentive to get this Accused to engage in Covid 19
17 testing. \$59,000 reward is a powerful motive. Attached hereto and made a
18 part hereof is **Exhibit G – Dr. Richard Schulze September 3, 2020**
19 **Corona Virus Update, Exhibit H – Law Enforcement Growth Industry,**
20 **Exhibit I -**

21 **SIXTH GROUND FOR MOTION**

22 ¶20. The Declarant enters this motion to move the Court for good cause to grant a
23 hearing for CLARITY of URINALYSIS TESTING, so Declarant's rights are NOT
24 violated under threat duress coercion of subject of force.

25 **SEVENTH GROUND FOR MOTION**

26 ¶21. The Declarant is competent and code pleading ALL ORDERS of the COURT
27 and probation conditions to **fully understand** the **obligations**. The Declarant has also
28 requested, several times for the **"policy"** of APD (Agency), and has requested the
APD **"liability"** insurance company. There has NOT been a breach of **"nexus of**
contract". See: **Exhibit I – Nexus of Contract.**

Conclusion

Once again, this Declarant feels a hearing on this subject matter will greatly assist in this important matter, giving clarity to the intent and purpose of the Court's Order. The Averhealth staff stated that the urinalysis test was **NOT** mandatory. Further, drug testing is flawed scientifically. For the record, this Declarant feels the tests are unnecessary because there is **NO** Order on record of the COURT, and **NO ORDER** in probation agreement of APD STANDARD CONDITION #12. For the Record, The Declarant has requested copy of corporate policy of APD, and the APD liability insurance company. Clarification is a **MUST** from the COURT. **All is Good Faith.**

Verification.

¶22. Based upon Declarant's sincerely held *religious* education and training, Declarant knows that the Word of our Creator prohibits the swearing of any *oath* or *affirmation* or *signing* any paper "*under the penalty of perjury*" as these are *oaths*, prohibited by our Creator as revealed through His *Holy* Word. Declarant quotes the following declared evidence in *Holy* Scripture by the former tax-gather Matthew who was well qualified to produce evidence. He records fully the discourses of Yahshua ben Joseph and declares the following evidence: **The Apostle Matthew's testimony in the King James Version: Matthew 5:33-37**

*"Again, ye have heard that it was to them of old time, Thou shalt **NOT** forswear thyself, but shall perform unto the Lord thine oaths: But I say unto you, **SWEAR NOT AT ALL**; neither by the heaven; for it is the throne of Yahweh; **Nor** by the earth; for it is the footstool of his feet; nor by Jerusalem; for it is the city of the great King. Neither shalt thou swear by thy head, because thou canst not make one hair white or black. But let your speech be, Yea, yea; Nay, nay; for whatsoever is more than these is of the evil one."*

MONDAY, MARCH 7, 2022
11:06 A.M. SESSION

(Appearances as heretofore noted.)

THE COURT: Okay. We are here in P1300 --
sorry -- V1300CR2019-80661. It's State of Arizona
versus Mike -- versus Michael Willis Chase.

Mr. Chase is present and out of custody. We
have Mr. Asay who is here on behalf of the State. We
also have Mr. Best who is here as Advisory Counsel, even
though Mr. Chase has steadfastly maintained he is not
going to be seeking any counsel from Mr. Best.

This is the time set for sentencing.

Mr. Chase, I received the motion that you
filed for -- to withdraw from the Plea Agreement. I
also received a Motion to Strike from the State and a
response from the State.

I'm going to deny the Motion to Strike.
Mr. Chase, your motion will remain in the Court's file
and will be preserved for purposes of appeal. You also
will have the right to file a Petition for
Post-Conviction Relief.

I have reviewed the motion that was filed by
Mr. Chase. Mr. Chase's primary allegation is that he
received the ineffective assistance of counsel during

1 the plea negotiation and when he entered the phase of
2 the case where he was discussing the Plea Agreement with
3 his counsel and entering into the Plea Agreement.

4 I'm going to deny the request to withdraw
5 from the Plea Agreement.

6 Mr. Chase, those claims are better raised on
7 a Petition for Post-Conviction Relief. So you'll have
8 an opportunity to raise all of those claims. It just
9 happens a little bit later in the process and not prior
10 to sentencing.

11 I also read the transcripts that were
12 attached to the motion as well as the filing of the
13 judicial complaint with the Judicial Commission.

14 All right. So this is the time set for
15 sentencing.

16 Any legal cause, Mr. Asay?

17 MR. ASAY: No, Your Honor.

18 THE COURT: Mr. Chase, any legal cause
19 beyond what was in your pleading?

20 MR. CHASE: Yes, Your Honor, I have some
21 administrative procedural matters --

22 THE COURT: Sure.

23 MR. CHASE: -- before we go forward. So I'd
24 like to set the record straight.

25 THE COURT: Sure.

1 MR. CHASE: My name, Michael Willis of the
2 Chase Family, flesh and blood living man, pre-inhabitant
3 of this land. Thank you, Your Honor.

4 Before we get into the sentencing hearing
5 it's necessary and imperative to discuss some
6 administrative procedural matters prior to moving
7 forward. We do -- we have some problems including a
8 major lack of due process.

9 Before I move forward I wanted to talk to
10 you about the paperwork I did file and I no longer file
11 under pro se. I file in pro persona. If you don't
12 understand the vocabulary, Your Honor, I can give you
13 the definition on the two.

14 I took a look at both your law dictionary
15 and I noted that pro se is an individual who represents
16 himself in the capacity of a lawyer. And an in proper
17 (sic throughout) persona is an individual who represents
18 himself in proper person, and an individual who makes
19 his appearances in proper person is entitled to counsel.

20 I've never had counsel and I demanded
21 counsel at all times. I further hold that the word
22 counsel and attorney are not synonymous terms, and all
23 lawyers are counselors, but not all counselors are
24 lawyers, and this holds merit, Your Honor.

25 Under the United States Supreme Court,

1 Argersinger versus Hamilton (sic), 407 U.S. 45, 1972,
2 quote: No accused may be deprived of his liberty as a
3 result of any criminal prosecution, whether felony or
4 misdemeanor, in which he was denied the assistance of
5 counsel.

6 Second quote: We hold that no person may be
7 deprived of his liberty, 407 U.S. 25 and 38, who has
8 been denied the assistance of counsel as granted by the
9 Sixth Amendment. This holding is applicable to all
10 criminal prosecutions, including prosecutions for
11 violations of municipal ordinances, because denial of
12 assistance of counsel will preclude the imposition of a
13 jail sentence, Your Honor.

14 And also my status, Your Honor, a Denizen,
15 meaning, 1912 shareholder stock, Denizens of their own
16 free independent state, and that is bookmarked in 1765,
17 William Blackstone, commentaries of the Laws of England,
18 Book 1, Chapter 5 -- excuse me -- Chapter 10, Page 374.
19 A Denizen is a kind of middle state, between an alien
20 and a natural-born subject and partakes of both.

21 In proper persona, in his own person, it is
22 a rule in a pleading that pleads to the jurisdiction of
23 the court and must be pleaded in proper persona, because
24 if pleaded by attorney, they didn't admit the
25 jurisdiction, as an attorney is an officer of the court,

1 and he is presumed to plead after having obtained leave,
2 which admits the jurisdiction. The appearance may be in
3 proper persona and need not be by attorney.

4 Also one more word for the Court, for the
5 record, Your Honor. Usurper government, one who assumes
6 the right of government by force, contrary to and in
7 violation of the constitutional -- constitution of this
8 country.

9 THE COURT: All right. Thank you,
10 Mr. Chase.

11 MR. CHASE: And also for the record,
12 Your Honor --

13 THE COURT: Sure.

14 MR. CHASE: -- I went to the Secretary of
15 State and I pulled your Oath of Office.

16 THE COURT: Sure.

17 MR. CHASE: And I'm going to hold you to
18 your oath; constitution, Federal, and State.

19 THE COURT: All right. Based on the plea of
20 the defendant, it's the finding of the Court that he's
21 guilty of Count 1: Attempted Misconduct Involving
22 Simulated Explosive Devices, committed on or about
23 November 21st, 2019, in violation of A.R.S. Sections
24 13-1001, 13-3110(A) 701, 702, and 801. This is a Class
25 6 Undesignated Felony.

1 Count 2: Criminal Damage, committed on or
2 about November 21st, 2019, in violation of A.R.S.
3 Sections 13-1602(A)(1) 701, 702, and 801. This is a
4 Class 6 Undesignated Felony.

5 Count 4: Resisting Arrest, committed on or
6 about November 21st, 2019, in violation of A.R.S.
7 Sections 13-2508(A)(3), 707, and 802. This is a Class 1
8 Misdemeanor.

9 In Count 5: Disorderly Conduct, committed
10 on or about November 21st, 2019, in violation of A.R.S.
11 Sections 13-2904(A)(1), 707, and 802. This is also a
12 Class 1 Misdemeanor.

13 These are nondangerous, nonrepetitive
14 offenses under the Criminal Code.

15 Mr. Chase, we'll need you to put your
16 fingerprint on the sentencing documents.

17 Mr. Asay, do you have anything you wish to
18 --

19 One second. I'll get to you.

20 MR. CHASE: No, I'm objecting, Your Honor.
21 I was in the middle of my administrative procedural
22 matters and you just started reading my charges, so I
23 object --

24 THE COURT: Okay. I get that.

25 MR. CHASE: -- to this process.

1 THE COURT: Anything you want to tell me,
2 Mr. Asay, before we -- in consideration of the
3 appropriate sentence for Mr. Chase?

4 MR. ASAY: It's a probation available plea,
5 Your Honor. The State's recommending probation.

6 THE COURT: All right. And do we have a
7 credit for time served?

8 MR. ASAY: Yes, Your Honor --

9 MR. CHASE: I object.

10 MR. ASAY: -- he had --

11 MR. CHASE: I object.

12 THE COURT: Hang on, Mr. Chase.

13 MR. ASAY: -- I want to say about 100 days,
14 but I will look it up here in just a moment.

15 THE COURT: Okay. Mr. Chase, if you're not
16 going to give us your fingerprint here today in court,
17 that's up to you. I'm going to make it a term and
18 condition of your probation that you have to give us
19 your fingerprint in 30 days. If you don't, you're going
20 to be in violation of the terms and conditions of your
21 probation and you could be sentenced to prison.

22 So I'm giving you fair warning about that.

23 MR. CHASE: Your Honor, by scriptural law
24 I'm not bound to -- I don't have a duty to participate
25 in signing any contract with man or any government.

1 Scriptural law forbids me to do such.

2 I'm going to dive right back into my
3 administrative procedural matters, Your Honor, because
4 we have some problems including a major lack of due
5 process.

6 Before I move forward with this
7 administrative procedural matters I demand counsel of my
8 choice to come and sit with me, Steven McMillan --
9 Steven McMillan, my counsel of choice to assist me,
10 Your Honor, today.

11 THE COURT: Sir, you're not allowed to cross
12 the bench.

13 MR. CHASE: I demand my counsel of choice,
14 Your Honor. I object --

15 THE COURT: Mr. Asay, do you have credit
16 for time served?

17 MR. CHASE: -- due process of law --

18 THE COURT: Mr. Chase, hang on one second.
19 I promise you, I've always let you speak. I'll let you
20 speak.

21 We got to do this in the -- the right way,
22 otherwise, what you're saying won't make it on the
23 record and the Court Reporter has to be able to get down
24 what you're saying if you want it to be a part of the
25 record, so hang on a minute.

1 MR. ASAY: It's 308 --

2 THE COURT: Sir, you can sit down for me.
3 If you're not going to sit down, you can leave.

4 MR. ASAY: 308 days, Your Honor.

5 THE COURT: Okay. All right. And he gets
6 credit for 308 days.

7 MR. CHASE: I object, Your Honor.

8 THE COURT: Okay. All right. Mr. Chase,
9 now is your chance.

10 MR. CHASE: All right. Your Honor, I have
11 the right to counsel of my choice to sit with me
12 guaranteed by the Sixth Amendment to the Constitution of
13 the United States. It's your oath too.

14 In all criminal prosecutions the accused
15 shall enjoy the right to have the assistance of counsel
16 for his defense. For the record, I am not going to be
17 represented by licensed counsel. I'm not going to be
18 represented by unlicensed counsel.

19 Let the record show Michael Willis of the
20 Chase Family. I will be myself in my own Christian
21 name. The issue of counsel of choice is so important
22 that the Supreme Court of the United States in
23 Brotherhood of Railroad and Locomotive of Engineers
24 versus West Virginia has decided that the accused must
25 have counsel, and must have effective counsel, even if

1 it is his best friend.

2 I am not prepared to move forward unless I
3 -- excuse me -- move forward unless or until I have a
4 judicial determination on the record that this Court is
5 absolutely denying my counsel of choice pursuant to the
6 administrative procedural matters.

7 The Court may say -- or excuse me -- are you
8 going to give me a judicial determination on the record?

9 THE COURT: The right to counsel is the
10 right to have a licensed attorney represent you in
11 court. The person that you want to have represent you
12 is not a licensed attorney. I'm denying your request.

13 MR. CHASE: I object, Your Honor. There's
14 no unlicensed attorney in the constitution.

15 THE COURT: I get that. I hear what you're
16 saying. That's something you can take up with a
17 different court.

18 MR. CHASE: Yeah, the Supreme Court.

19 Well, thank you, Your Honor, establishing a
20 confession on the record that I needed.

21 Now, I'm prepared to bring up the other
22 subjects pursuant to administrative and procedural
23 matters, but before I do, I need to make plain my
24 status. There are issues of Federal law under the State
25 and the U.S. Constitution.

1. Any preventive, diagnostic and therapeutic medical intervention is only to be carried out with the prior, free and informed consent of the person concerned, based on adequate information. The consent should, where appropriate, be express and may be withdrawn by the person concerned at any time and for any reason without disadvantage or prejudice.

Code Pleading The Probation Contract:

Yavapai County Adult Probation Department Implementation Of Conditions Of Probation; Standard Condition Of Probation #12;

Says: *"I MUST call every day..."* And *"I MUST report to Averhealth ..."*

I Called, And Appeared Under *Fraud, Extortion, Threat, Duress Coercion*, And *"Special" Appearance*.

The Probation Contract Says, *"NOTHING"* About;

I "MUST" Use Their Tests, And/Or Nothing Saying,

I "MUST" Submit To The Test At All..

(No Wording On Supposed Order).

There Is An Issue About Un-Constitutional Force.

Yavapai Adult Probation Contract Does Not Have Any Kind Of Wording Saying,

"I Must Take A Test" And *"I Must Use The Averhealth Test" ...*

THIS IS A LEGALITY...

Standard Condition Of Probation #12 says:

"It is your responsibility to PAY for each drug screening."

Words have meaning, and words are law.

In law, the word *"PAY"* means *"Lawful Money"* and NOT discharged in *"bills of credit"* (Federal Reserve Notes).

Tai Davis said, (Via Text Message) Drug Test Is \$11 At Averhealth Cottonwood Arizona.

\$11 (Drug Test) x 24 (Months) = \$264

It is **"Clear"** in the wording of the Court and Probation Contract, that I do NOT have DUTY by ORDER to take a test, that I have a **"Choice"** (to volunteer by consent, or NOT to volunteer by consent) of a test, and there is NOT any wording that I **"MUST"** use a test at all in this Contract. Show me the ORDER... This is called un-constitutional force. Without an ORDER, I can only take test by **Volunteering**, or by **Consent** which I do Not volunteer, Nor consent.

I Can "***Specially***" Get A 12-Point Urine Test (At Walmart), Five Tests For \$30.

So, 5 (Five Cup Test Kits) x \$30 = \$150 (24 Months).

I Am Acting In "***Good Faith***" (Legal Term), I Have "***Specially***" Called Averhealth,

I have "***Specially***" Appeared To Averhealth Cottonwood Arizona,

And I Have "***Choice***" Of A Test, And/Or Taking Test "***Specially***" if I choose to do so is Voluntary, and/or by consent only.

The act of submitting to a drug test is **NOT Ordered**: In the wording of Yavapai County Adult Probation Department Implementation of Conditions of Probation; ***Standard Condition of Probation #12***. Nor Ordered by Commissioner John D. Napper

Respectfully, and in "***Good Faith***"

I Am, ***NOT*** volunteering, I Am, ***NOT*** giving consent, and I Am, Not ordered by the Court, Nor the APD to take part in "Test"

"Lawful Money", And An "Order" To "Must Take The Test"

Aloha Tai Davis,

All in "Good Faith"

There is an **issue** with the finances and fees with "Lawful Money" (Article 1, Section 10, Clause 1 - The Constitution) and also, an "Order" by Commissioner John D. Napper to take the "Test" at Averhealth Cottonwood Arizona. This **wording is lacking** in the transcript of hearing 2022-3-7 11:AM, Room 301 (See Attachments), and in Probation Condition #12.

I Am, addressing this "Issue" to the
County of Yavapai Superior Court Clerk

I Am, Filing A Motion-Brief-Order for hearing on the matter of
"Lawful Money" and an "Order" from Commissioner John D. Napper to-do-something un-Constitutional as "Order" a test.
It is called Un-Constitutional Force or to **enforce by assuming or presuming**, and this is "Crime".

I read the entire Probation Condition #12 to staff at Averhealth Cottonwood Arizona. All the staff-at-hand agreed that
there needs to be **order by judge** to take test, and/or "Order" in Probation Condition #12. Taking Test is voluntary and/or
with consent. Any such "Order" is
un-Constitutional.

No screening has taken place to be **responsible** for \$11 test fee.

I cannot find the Arizona Law on the mandatory fingerprint "Ordered" by Commissioner John D. Napper? Do you know
what it is?

I Am, requesting a copy of your Company's Policy, three days enough time to produce the Document.

This Email will be used as Evidence.

I have "Specially" Attached Files for your private records.

Whether you have written consent to share files may be an issue.

A second email will be attached to this email with 4th Document.

Hi Michael,

The probation department doesn't do fingerprinting, so I think the Sheriff's Office would be more helpful with fingerprinting questions. I scheduled you for a SAFE Court Hearing for your failure to submit to urinalysis on April 18, 2022. You are hereby directed in writing by your probation officer, to appear in person for your hearing on Friday, April 22, 2022 at 1:30 p.m. The hearing will be held at the Yavapai County Superior Courthouse located at 2840 N. Commonwealth Drive in Camp Verde, Arizona. Failure to appear as directed may result in a bench warrant being issued for your arrest.

Thanks,

Tai Davis

Aloha Tai Davis,

I Am, requesting a copy of the Corporate "Policy" of ADP.

Who is your supervisor?
Who is in charge of this?

Did you mean Probation Condition #22 ?

"...to submit to fingerprinting at the Yavapai County Jail..."

Where Is The "Order" for fingerprinting?

I Am searching for Arizona Law about

Index finger print due by May 6, 2022 ?

There is no "Order" by John Napper, no such "Order" in court transcript, nor in the any of the paperwork.

It It assumed or presumed that I volunteer and give consent without a court order?

Threat, Duress, Coercion without any ruling

From the "Court"?

Please, show me the "Order" and show me the Arizona and/or Constitution "Law"...

Under Condition #22 the judge wrote "Defendant shall provide a fingerprint within 60 days of sentencing." Since the jail's booking does fingerprinting, that is where I directed you to go. Friday's hearing is called SAFE Court. It's based on Condition #20 which states you will comply with sanctions (community service or jail time) based on your behavior. Judge Ainley will decide on an appropriate sanction for missing a UA. I've never had anyone request a copy of our department policy before, so you'll have to ask my supervisor about that. Aloha Tai Davis,

Attached is "Order" from John D. Napper on

There is **NO "Order"** to do urinalysis, and **NO "Order"** for fingerprint (Due May 6, 2022) from John D. Napper. **The Court and APD are assuming and/or presuming that by Threat, Duress, Coercion to "Clients" will Volunteer by Consent to Giving Up Rights. Without an "Order"...**

This is fraudulent, un-Constitutional Force, and illegal.

I Demand an "official copy" of APD Corporate Policy on All Uniform Conditions Of Supervised Probation. Who is the Insurance Company of APD?

I Am ready to file a suit.

Aloha Tai Davis,

1. The "**Legal Money**" (Coinage Act of April 2, 1792) is Major Premiss issue with paying any fines/fees from court and APD.

Probation Condition #22:

quote "...directed in writing by your probation officer, to submit to fingerprinting..." end-quote.

Wording is **Voluntary by Consent**, there is **not** a "**MUST**" (Order) from court.

Black's Law Dictionary: "**Direct**" is used as: To immediate; proximate; by the shortest course; to point to; guide; instruct; to advise; suggest; instruct; request; to assume the role of director. without any intervening medium, **agency** or influence; unconditional.

Blacks Law Dictionary: "**Shall**" is used in **Statues, Contracts, &c...**

2. There is **no valid contract**, "**contract**" is autographed "**under threat duress coercion**" and is "**void for fraud**". Also, You (Tai Davis) removed the "**contract**" from my hands (in your office) preventing further "**nexus of contract**." There is **NO valid contract**.

Black's Law Dictionary: "**Must**" is primarily of **mandatory effect**; but also in the **mandatory** sense which it **sometimes** has...

3. have my own red ink pad to submit index fingerprint by May 6 2022, BUT I Am **demanding a written ORDER** from the court. I Am being **forced under threat duress coercion** with **NO ORDER** from court to do actions that are **violating my rights**..

The legal wording is **NOT** an "**Order**" from the court, and/or from APD. The wording is relying on a **Voluntary Action from consent only**.

I **MUST** have an "**Order**" from the **Court in writing**, with a **Judge/Commissioner Signature on it**.

APD Corporate Policy. Does it say APD can "**Order**" **un-Constitutional** Policy rules on all men?

Does APD have court "**Order**", please provide the "**ORDER**" for the record.

Again, I Demand an "**Order**" from the Court that says,
"**I MUST**" submit to a Urine test, and "**I MUST**" submit a fingerprint on Document by May 6, 2022."
"**I MUST**" pay in **Federal Reserve Notes (bilss of credit)** opposing Coinage Act April 2, 1792.

I Am, Directed by Probation Condition #12, that:

"I **MUST** Call Averhealth everyday", when I Am selected, "I **MUST** report to 1433 East State Route 89A" and I do call (**specially**), and I do appear (**specially**).

There is NO ORDER to submit to "TEST", I Am, in Good Faith, Demanding an Explanation from the Court. I do NOT consent of giving up ANY of my rights, I never give up my rights voluntarily, only by a court order will my rights be stripped from me.

THERE IS NO ORDER TO TAKE A TEST.

Can You, and Will You, produce the "Order" in writing by the court, That, "I **MUST**" (**under court order**) take the test. If, you cannot produce an Order, you, APD, Yavapai Superior Court are **violating** my rights, under threat, duress, coercion.

Tia Davis, by Law:

I **MUST** have written Court ORDER to: Pay in Federal Reserve Notes (Bills of Credit) for fines/fees.

I **MUST** have written Court ORDER to take TEST at Averhealth Cottonwood Arizona.

I **MUST** have written Court ORDER to submit index fingerprint on court Document.

I will contact Carlos Zuniga about APD Corporate Policy.

I Am Not being a problem,

I Am concerned about my rights, and how these courts work under emergency power acts.

Give me the LAW, give me the ORDER. And we all move forward.

Please, provide the Answers to my questions, or we can get them from the court.

I just need an "ORDER" from the court:...

I Am NOT giving up my rights voluntarily or by consent.

P.S. I "**specially**" called Spectrum Health Care (Cottonwood Arizona) and was told that I have to stop by office to set an appointment, so next time I Am (Volunteering at food bank) Cottonwood I will do just that.

Have a wonderful day.

You have some interesting ideas Michael, but I worry that you could be lost in the abstract world of legal theory. I would encourage you to visit your local Superior Court and observe a few probation revocation proceedings in person. That should give you some context for how the law is actually applied in Arizona. There are approximately 75,000 people on felony probation in Arizona right now, so it's safe to assume that the courts have become very efficient at enforcing *The State of Arizona Uniform Conditions of Supervised Probation*, precisely as they are written, notwithstanding Black's Law Dictionary.

Dr. Richard Schulze September 3, 2020 Corona Virus Update.

¶1. Hello my great friends Dr. Schulz here. I want to give you my Corona Virus update as of September 2020. Lets take a look at the current USA statistics. At the beginning of September there were 5,972,356 confirmed cases of Corona Virus. There were 182,622 total deaths from Corona Virus. Now since both these numbers are, what's the scientific term for that? Total bullshit.

¶2. Lets see if we can find out what is really really going on.

¶3. OK Lets start with so called confirmed cases. Confirmed cases of the Corona Virus 5,972,356. Hmm. What does confirmed case actually mean. Well actually I will tell you exactly what it means. Confirmed cases as far as I'm concerned would actually be the lowest ranking for the CDC, not the highest. It goes *Level one possible case. Level two probable case. Level three confirmed case*. So it sounds like confirmed case is the worst. They got it, they're sick, and they got the Corona Virus.

¶4. But according to the Center for Disease Control. *Level one possible case is* anyone who has symptoms like fever, cough, trouble breathing. I myself might call that a confirmed case. *A Level two probable case is* anyone with the above symptoms of a cough, fever, trouble breathing, plus exposure to people who've had the virus or have xrays that showing lung lesions. I myself would definitely call that a confirmed case. *But according to the CDC a level three confirmed case is* anyone who tested positive for the virus. They can be completely asymptomatic. Meaning they have NO symptoms at all, they feel great. It's just a *positive test result*.

¶5. So all we know right now is in America we have 5,972,356 so called confirmed cases for 5.9 million people *testing positive* for something. Now let us look at the Covid 19 testing first. Because really all this number means right here "Confirmed cases". Let me rewrite it. It just

means a “***Positive test result***”. All along I’m looking at these numbers on television for the last six months. And I’m thinking that 5,972,356 people in America have Corona virus. They don’t have Corona virus, Ok, they just have a ***positive test result***.

¶6. Remember these are just people that ***tested positive***, most of whom were never sick a single day, never felt bad, but tested positive for Covid 19. If you wonder why so many people were ***testing positive*** who were never sick. We’re forced to look at the following. I would call it the Covid 19 incentives to hospitals program.

¶7. Were hospitals get paid an extra \$13,000 to \$19,000 for every positive test result they have with a patient admission. So if they test you and a confirm positive they get a check for \$19,000 and \$40,000 more for every patient they put on a ventilator.

¶8. When hospitals across the country are shut down, are empty, are not performing elective surgeries and rapidly losing money, in debt and that not even being able to pay for their electric bills, let alone their equipment. ***Do you think they might be faking some false positive tests to collect all this free government money?*** Think about that.

¶9. Medical doctors all cross the country have been complaining about the pressure from hospital administrators to falsify documents to ***fake test results, to lie*** so the hospital can get the government money. ***To lie and make positive test results.***

¶10. In Miami where I live, Officially called Miami Dade County I can tell you of serious facts that I’ve uncovered. We have one of the nations highest percentages of positive results for Corona Virus, 62.85 people per 1000 of Corona Virus. That's the highest in the country. Triple the positive test results of New York, New Jersey, Texas, and even California.

¶11. Now for two weeks for the last few months in Miami everybody who got tested for Covid 19 every single person tested positive. Everyone tested positive. Later this was attributed to a clerical accounting error. Now over the last four months hundreds of other people reported that they went to take the test, the Covid test, but they couldn’t wait. Because the line was too long. ***So they left without ever getting the test.*** But a few days later in the mail they got their results

that they were positive for the Corona Virus, **but they never took the test.**

¶12. What the heck is going on here? And even more outrageous, what I like to call the Corona Obama Care scam. If you have Obama Care various clinics throughout Miami will pay you one thousand dollars cash and give you a positive Covid 19 test if you agree before hand to this scam. If you agree to accept to a positive test result even is you are negative it will say positive. Then the clinic can collect the \$19,000 dollars from the government, and gives you a \$1,000 cash right in your pocket. Which is happening right now in Miami and other cities across America. Heck we had one man killed on his motorcycle near my house he ran into a bus and died. And the reporter checked into it and do you know the cause of his death was officially recorded as “**Corona Virus**”! The bottom line, Miami has one of the highest rates of confirmed cases, what I call positive tests because of this. Because of all these scams. Because of all these lies. And our city was shut down, and paralyzed, and almost everyone has lost their jobs and the positive testing is a scam, a complete lie, Miami is one of the leading cities in America for credit card fraud and I will tell you right now it’s the leading city in America for Corona Virus testing fraud.

¶13. So this 5.9 million confirmed cases of Corona Virus in America, remember that’s 5.9 million positive test results. Not 5.9 million people sick with Corona Virus. Remember most these people never had a sick day. And now we see all these positive result hypes and scams, so many confirmed cases or positive test results in America. How much of this is a lie? It’s a big lie!

¶14. Now let’s take a look at the number of 182,622 “Deaths” in America. Supposedly due to Corona Virus. Are these 182,622 really deaths to Corona Virus? Actually no they’re not. Just at the end of August, just a week ago the CDC quietly reported over the national news of the 182,622 deaths due to the Corona Virus reported, the Center for Disease Control has very quietly admitted that only six percent, **six percent** of the deaths recorded actually died from Corona Virus.

¶15. OK, 94 percent of these deaths were caused by underlying diseases. Two to three diseases

that people already had or they died from old age. But it was reported as Corona Virus death. Ninety-four percent didn't die from Corona Virus they died from underlying diseases. Only six percent actually died from Corona Virus. That reduces people dead in America from only Corona Virus, hmm six percent of 182,622 that would be 10,957.

¶16. Here's a reality 182,622 people in America didn't die from Corona Virus! Only 10,957 were directly cause by Corona Virus. Now considering the annual influenza rate in America kills 51 or 52 thousand Americas every year. 10,957 doesn't sound like a lot. In fact just two years ago influenza killed over 80 thousand Americans. Like I said 10 thousand doesn't sound like a lot any more does it? *We better start preparing for this years flu and forget about Corona Virus.*

¶17. Now according to Center for Disease Control who's has lost a whole lot of credibility here in the last ten minutes. Corona Virus is 1.5 times higher if you have asma or COPD which is chronic obstructive poluminary disease. 3 times greater if you have hyper tension (high blood pressure), or if he has body mass index greater than 30. 3 times greater if you have diabetes, 4 times greater if you have kidney disease. 4.5 times greater if you have sever obesity which is a body mass index above 40. 4.5 times greater if you have 2 of these conditions. 5 times greater if you have 3 of these conditions. So these supposed 182 thousand deaths in America from Corona Virus well apparently 94 percent of them weren't from Cor collected by the CDC between December 1st 2019 and July 10th 2020 shows that these people already suffering and dyeing from cancer, chronic kidney disease, COPD which is chronic obstructive poluminary disease, asma, infamzima, bronchitis, diabetes, high blood pressure, immune compromised disease from organ transplant, obesity, heart disease, sickle cell anemia, vascular disease, cystic fibrosis, neuralgic disease, liver disease, scared lung tissue from smoking or environmental pollution, the bottom line my friends of the 5.9 million of the confirmed cases from Corona Virus in America.

¶18. Well a much more proper way to say it would be 5.9 million people tested positive and very very few of these people have had any sickness at all. They haven't been sick. In fact the

majority of these people never had one sick day, not even one sick hour who tested positive. Some said they have never felt better in their whole life they feel awesome. *As with many scams and false positives I wonder how many people were actually sick with Corona Virus in America?*

¶19. OK this is what we call confirmed cases (Holding up a card showing “5,972,356 Positive Test Result”) which we now know means Positive Test Result. How many people were actually sick with Corona Virus in America? I’d like to know that number. The truth is we will never know that number. And another question I have, how many people actually died from Corona Virus. *They say it was 182,622 but according to the CDC’s own admission they whittled that down to 10 thousand some odd Americans.* How many people actually died from Corona Virus after removing the 94 percent that were already sick and dying from other diseases only 10 thousand died from Corona Virus alone. Considering that every year in America 50 to 60 thousand die from the flu just during the winter six months. The actual Corona Virus death toll is far below every major cause of disease in America. Look my heart goes out to anyone who lost a loved one to Corona Virus.

¶20. But what do I see with Corona Virus, I see a lot of hype, scam, scandal, greed, fear, depression both emotional and financial, jobs lost, businesses destroyed, businesses ruined, economic collapse, rioting and pure bullshit politics. And super inflated numbers for Corona Virus positive tests and super inflated numbers for Corona Virus supposed deaths. Not much actual Corona Virus out there. Dr. Schultz here just reporting the facts.

The Law Enforcement Growth Industry!

LAW ENFORCEMENT GROWTH INDUSTRY

By Barrister's Inn
School of Common Law

¶1. In trying to appraise this issue of law enforcement, courts, prisons, punishment, crime, rehabilitation, the death penalty, incarceration, and cruel and unusual punishment, much has been written and much more will be written. ONE POINT THAT ALL SEEM TO AGREE UPON IS THAT CRIME IS OUT OF CONTROL AND SOMETHING MUST BE DONE ABOUT IT.

Crime is "Out of Control"
In America.

¶2. We call this America, the land of the free, and refer to the Soviet Union as a police state, but the facts tell us another story. The facts show that this country holds more people per capita in jails than the Soviet Union.

¶3. The Russians have one-third the number of people incarcerated than we do in America. In reality, citizens of America are living in a police state and are completely unaware of it. There is little difference between our government and the one in Poland. For example do people in Poland:

1. 'Have national identity cards?
2. 'Drive without licenses?
3. 'Work wherever they want to?
4. 'Register their guns?
5. 'Register their cars?
6. Build on their land without government permits and/or approval?
7. 'Have compulsory insurance laws?
8. Have to show their picture (papers) upon demand?
9. Have to take balloon tests without search warrants for alleged drunk driving?
10. Take a portion of a worker's pay without trial or due process?

1 **Exhibit -**
2 **The Law Enforcement Growth Industry!**
3
4

- 1 11. Incarcerate citizens without trial in a summary processing?
2 12. Have ports of entry that compel them to stop, clear, and pay duties?
3 13. Subject to searches on their highways?
4 14. Arbitrarily arrest citizens and forcibly take fingerprints.
5 15. Trip permits to use their own roads?
6 16. Permits to cut wood in a national forest?

7
8 **A Police State**
9

10 ¶4. It makes no difference how these questions are answered. Citizens of any country who
11 are so constrained are not free, but living under tyranny. It matters not whether we have it
12 better than the Poles. Both systems are tyrannical in nature--the only difference being the
13 degree of tyranny being applied and the understanding of the system by the citizens. The
14 Poles understand that they live in tyranny, while Americans have been convinced that it can't
15 happen here, even though it has already come to pass. *Americans recognize tyranny in*
16 *other countries, but in their own refer to it as "law and order."* However, a police state is a
17 police state, is a police state, is a police state.....

18
19 **Punishing the "Innocent"**
20

21 ¶5. There must be a solution that is simple; one that will free us from this morass of crime
22 and punishment. *Any solution must conform to our Constitution, quit punishing the*
23 *innocent, and return to punishing the guilty.* The current system does nothing more than
24 spawn a system of recidivism being the tendency to relapse into a previous undesirable type
25 of behavior, especially crime, homo-sexual behavior, and prisons that are, in reality, schools
26 for crime – not rehabilitation.

27
28 **Victims, Damaged Parties**
29 **Who Never Receive Restitution!**
30

Exhibit -
The Law Enforcement Growth Industry!

¶6. Currently victims lose their property; criminals never make restitution to the damaged party but are deprived of freedom; and the taxpayers who are fleeced out of their tax dollars to fund these human warehouses. ***THE BENEFICIARIES OF THIS SYSTEM ARE PUBLIC DEFENDERS, LAWYERS, JUDGES, JAILERS, PRISON GUARDS, LAW ENFORCEMENT AGENCIES, AND POLITICAL ADMINISTRATIONS. THEY LITERALLY THRIVE OFF OF THIS MORASS OF CRIME AND PUNISHMENT.***

¶7. *Crime does pay, and it pays handsomely. What is worse is that not only does the victim lose by having his property stolen, but he loses even more through taxes to the "law enforcement growth industry" to warehouse the thief.*

¶8. Solutions to the crime problem must provide restitution for the victim, punish the wrong-doer, decrease the prison population, cut out the over-crowding of those prisons that cannot be emptied, eliminate involuntary capital punishment, make the judicial system self-supporting, and make the entire taxing cost for today's criminal justice system pay for itself in productive accomplishment instead of the incredible waste of manpower currently taking place in our ***"human warehouses."***

¶9. How many broken homes, welfare payments, divorces, fines, jail terms, and broken lives are inflicted upon the innocent, the poor, the defenseless, in the name of law and order for the benefit of "The law enforcement growth industry?" **How many people derive their livelihood from the law enforcement growth industry? How many AGENCIES are created by legislatures, city councils, and congress?**

¶10. In the state of Idaho it would probably be conservative to estimate that there over 2,500 persons employed in the Law enforcement growth industry. That sounds like a lot but consider the following:

1. **City Police.** There must be over 100 policemen just in the city of Boise, Idaho. There must be some 50 + cities in the state which maintain a city police department and employ from 3 to 100+ persons.

Exhibit -
The Law Enforcement Growth Industry!

2. **County Sheriff, Deputies and Support Personnel.** There are 44 counties, all employing a sheriff, deputies, and support personnel from 5 to 100 +.
3. **State Police, Administrative Agencies and Special Agents.** The state police employ several hundred officers and support personnel. *In addition, the state employs many varied SPECIAL AGENTS.* Then we must consider the administrative agencies which bring actions against citizens, such as building, electrical, health, fire, welfare, and plumbing, departments and the like.
4. **Federal Agents, OSHA, EPA, FCC, BLM etc.** There is no way to estimate the number of federal agents swarming over the state. There is OSHA, EPA, FCC, BLM, etc. etc. etc.
5. **Jail, Prison Staffs, Supporting Personnel.** Then there is the jail and prison staffs and their supporting personnel.
6. **Federal, State, and County Judicial System Commissions and Judges and Supporting Personnel.** Then we have the judicial system at the county, state, and federal levels, their marshals and support personnel.
7. **Lawyer/Attorney Work-Force.** Finally there is the lawyer work-force.

**How Many Are Employed
By Law Enforcement Industry.**

¶11. It should become quite clear that we have no idea how many persons are employed by the law enforcement industry. ***EACH AND EVERY ONE OF THESE PEOPLE ARE LOOKING FOR LAWBREAKERS TO APPREHEND AND PUNISH IN ORDER TO JUSTIFY THEIR EMPLOYMENT.***

¶12. It seems as though it is the purpose of government to build a system of law and order so big that everyone will either be employed by law enforcement agencies or warehoused in prisons. ***It would appear that the citizens are simply being used by government to further that end.***

Exhibit -
The Law Enforcement Growth Industry!

¶13. *This "Law Enforcement Growth Industry" is nothing more than a business (law enforcement agencies) and customer (people of the state) relationship.* Like any business, this industry needs more and more customers to continue to grow and prosper in order to justify its existence and size to the people, in order to obtain more funds to further said growth.

The Law Enforcement Industry
Growth Cycle Goes Something Like This.

1. **More Laws.** We ought to have more laws.
2. **More Statutes.** The executive proposes new statutes to the legislature.
3. **More Criminal Acts.** The legislature passes said statutes and creates a criminal act where none existed before.
4. **More Executive Branch Employees.** The executive branch has more statutes to enforce and therefore needs more employees to enforce said statutes.
5. **More Funds.** The executive appeals to the state legislature/commissioners/city councils for more funds due to the increasing crime rate caused by more legislated crimes.
6. **More Legislative, Commissioner, and City Funds.** The funds are made available and more employees are hired.
7. **More Entrapment for Crime.** More employees have to justify their existence and therefore government must find or entrap more and more customers into committing so called crimes.
8. **More Law.** Now we need another law, etc., etc.

Exhibit - The Law Enforcement Growth Industry!

Justification Of Expenses By Sheriffs & Administrators Is “The Rise In Crime!”

¶14. If everyone in the state could obey all of the statutes passed by the legislature, over 2,500 government employees would have no reason to go to work in the morning. In order for the SHERIFF or any ADMINISTRATOR to justify their budget they must show expenses. So we see every year a steady rise in crime. WE ALSO SEE THIS INDUSTRY EXPLOIT THEIR SELF-GENERATED GROWTH PROBLEM THROUGH THE MEDIA.

¶15. We constantly hear about all the crime being committed, and the answer to increasing crime is more laws, more police, more prosecutors, more judges, and more money. *We never hear how they propose to eliminate crime, prisons, jails, and jailers.* All we hear is that more and more money is needed to combat crime.

¶16. So we pass more laws, hire more police, investigators, prosecutors, judges, and spend more money, only to learn next year that crime has risen by 5% and what we need to combat it is more money, laws, police, prosecutors, and judges. It has been that way for years.

¶17. It could be argued that there was a year when, in one or two categories, crime declined in Boise or Pocatello or east Podunk USA. That's either a foible in the charts or a goof up in the industry by falling down on the job and not selling enough product.

¶18. Headlines do not exist stating, "Idaho's prison population declines for the fifth consecutive year," or "Sheriff submits third successive budget with 5% reduction in requests." We have been spending more every year for law enforcement, and since we spend more on the crime industry, we get what we pay for--more crime!

Do The Math on Crime: Raise the “Sales Force” Who Are City Police!

¶19. For an example of the problem, let's look at city X. Lets assume City X has one hundred policemen. Today the crime rate is up 5% over last year, so the media is told

Exhibit -
The Law Enforcement Growth Industry!

that the reason one hundred policemen could not hold crime to the same level as the year before was that the police force was under-staffed, under-budgeted, and there were some defects in the existing statutes, so we need more money and some new laws.

¶20. City X gets five new policemen, 5% more money and another 7% to compensate for inflation (another government created industry), and five plus new laws to enforce. ***THE PRODUCT THIS INDUSTRY SELLS IS CRIME, SO OUR PRODUCT LINE HAS BEEN EXPANDED BY X NUMBER MORE LAWS AND WE HAVE INCREASED OUR SALES STAFF BY 5% TO ONE HUNDRED FIVE.***

¶21. The operating budget has been expanded to cover the additional overhead. Our police chief, the sales manager, now has a larger sales staff and additional responsibility, and therefore needs a raise. ***SUPERVISORS have a like gain, and also obtain raises.*** Now we have to prepare for the coming year's expansion. We must justify our expanded budget, size, and new products to the board of directors, the city counsel/legislators/commissioners, and our corporate chief, the mayor.

¶22. The ***SALES STAFF*** is sent into the streets to ticket more violators, arrest more drunks, catch or entrap more prostitutes, drug pushers, vagrants etc. With proper management we increase our business by at least another 5%.

**The Media Is Used
To Motivate Customers!**

¶23. Now we continue to make sure the media is aware of the growing crime rate. The media needs to understand that there is more crime because we are under-staffed and under-budgeted to handle the increase in crime, and besides, there are several loopholes in the law that need filling. Yes, we need some more laws.

¶24. To illustrate the seriousness of the problem the chief of police will recount some of the more horrendous crimes of the past year. ***Just like insurance salesmen sell insurance by using fear of death to motivate the customer, the Law Enforcement Growth Industry uses Fear of Crime to Sell Their Product.***

**Exhibit -
The Law Enforcement Growth Industry!**

¶25. So another year comes and goes, and now we have one hundred and ten police, more new laws, and at least a 10% increase over our budget of two years ago. The **PRODUCT LINE** is up at least ten items over two years ago, making the customer subject to a larger product line (more statutes). Now our **INCREASED SALES STAFF** can get back out on the street to find and **ENTRAP** more violators, and arrest them to provide an **INCREASE IN BUSINESS** for the **COUNTY SHERIFF**, so he can likewise increase his staff and budget.

**Justifying
More Prisons and Jails!**

¶26. By increasing the sales staff (*by hiring more police*) which increases business which has more product lines (more criminal laws) then finding more customers which are criminals increases the population of the jail and *causes the **SHERIFF** to go to the commissioners for greater funding to care for, house, feed, and guard the increasing load of criminals. The **SHERIFF** then insures that his problem gets before the media so he can increase his empire by at least 5% per year.*

¶27. A proportion of the new increase in sales (arrests and jailing) by the police, bleeds over into felonies, and these criminals must be housed in the **STATE PRISON**. The prison fills up with felons and **THE WARDEN GOES TO THE LEGISLATURE** to get his budget, staff, and salaries increased accordingly, and maybe even a new prison.

**Prisons & Jails “Support Business”
So Activities Increase.**

¶28. Of course all of this business creates activity in numerous support areas. For example, the more crime the more food is bought to feed them, more buildings are needed to house them, more judges are needed to handle the case loads, and more public defenders and lawyers are needed to defend the customers (citizens).

Of Crime Prevention On “We The People”

15 who pays the bills. **IT IS “We The People” WHO IS PERSECUTED IN THE NAME**
16 **OF CRIME PREVENTION.** It is **“We The People”** who is **ENTRAPPED** into
17 committing violations of statutes by law enforcement personnel, who are simply
18 justifying their existence by insuring that crime exists.

The Real Thief and
How the Law Enforcement Growth Industry Works!

31 ¶33. Joe is a college student, bright, extremely intelligent, and low on funds. The following
32 is a typical conversation between Joe and another citizen.

Exhibit -
The Law Enforcement Growth Industry!

Citizen: **What happened to cause you to be put into prison?**

Joe: *I stole \$350.00 (he replies matter of fact).*

Citizen: **So you are guilty of the crime and deserve to be punished.**

Joe: *Yes, (he replies matter of fact).*

Citizen: **Tell me exactly what happened.**

Joe: *OK, I was in the school auditorium, broke and didn't know how to make ends meet, and I saw this lady's open purse on a chair. It had money in it so I took the purse. Apparently someone saw me take the purse and called the police. They told the police who I was, and the police came to my apartment and arrested me. That is all there was to it. The law in Idaho is that any theft over \$150.00 is **grand larceny**. I was convicted of grand larceny and sentenced to indeterminate five years. That means I can spend anywhere from eighteen months to five years in prison.*

Citizen: **Did you plead guilty to the charge?**

Joe: *No, I plead not guilty. My public defender advised me to take it to trial.*

Citizen: **How long was the trial?**

Joe: *One and one-half days.*

Citizen: **How much time have you served so far?**

Joe: *Eleven months.*

Citizen: **Did the lady get her purse and money back?**

Joe: *No, I spent the money to pay my bills and I threw the purse away.*

Exhibit -
The Law Enforcement Growth Industry!

¶34. This is an actual true conversation and can be repeated in a variety of ways, hundreds of times, by judges, police, prosecutors, defense lawyers, and public defenders. This shows how a real crime happens. There was a real criminal and a real victim.

¶35. *NOW LET'S SEE HOW MUCH THIS CRIME ACTUALLY COST THE TAXPAYERS TO APPREHEND, TRY, CONVICT, INCARCERATE, AND THEN PAROLE THIS MAN BACK INTO PRODUCTIVE SOCIETY.*

What is the Cost?

¶36. \$2,000. It cost at least \$2,000.00 to try, defend, and incarcerate Joe. Joe is going to spend a minimum of eighteen months in the prison.

\$15,000. It costs \$15,000.00 per year to store Joe, so the first bill to come in to the victim in this crime is \$22,500.00 plus dollars.

\$22,771. Assuming Joe will be paroled for the remaining three and one-half years at \$13.86 per day, his parole will cost another \$27,771.50.

\$67,271.50 Total

¶37. **IN ADDITION, THE LADY DIDN'T GET HER \$350.00 BACK, MAKING A GRAND TOTAL COST FOR JOE'S CRIME OF \$67,271.50 PLUS \$350.**

Who is Paying This Bill?

¶38. Why the victim and the rest of the community of course. In the name of "law and order," the victims of this theft will pay \$67,271.50.

But What about Joe?

¶39. Well Joe plays cards, produces nothing, consumes food, needs shoes, clothes, and shelter, and in addition provides employment for guards, police, and all the others in the law enforcement growth industry.

Exhibit -
The Law Enforcement Growth Industry!

¶40. Multiply this example by the hundreds and we can readily see billions of dollars wasted in the name of law and order. The lady (society) who had her purse stolen would have been \$67,271.50 ahead if she had not reported the theft of her purse and Joe had never gone to jail. *The victim sentenced herself to a fine by taxation of \$52,271.50 for her demand for law and order.* The victim is a loser as she lost both her purse and money, and on top of that was taxed to support Joe and the Law enforcement growth industry for the next five years. She would have been better off to have simply bought Joe an airplane ticket to California.

¶41. Joe is also a loser. The only winner is the law enforcement growth industry.

What About
"Joe the Convicted Felon?"

¶42. Just how Joe is the loser is a story in itself. The law in Idaho declaring \$150.00 as the amount for *grand larceny* was passed in 1949. Because of inflation, in 1949 dollars his crime should now be a misdemeanor, but he is BRANDED A FELON FOR LIFE. Joe is a first timer. *He has never been in trouble before. He will never be able to put this mistake behind him.* This will follow him for the rest of his life. Now he is in a school of crime and is learning from his mistakes. When he comes out of prison he will have a degree in crime. Society will reject him because of this mistake, so in order for Joe to make a living he will have to resort to crime. Crime pays because most crimes are never reported. Of the crimes reported most are not solved. Joe will be caught once in a while, so he will be a regular customer of the law enforcement growth industry for the rest of his life. He will also be institutionalized, and forced to live in an unnatural animal-like zoo environment and may become a homosexual, or at least be exposed to a homosexual environment that will have a negative effect upon his morals, character, and rehabilitation.

¶43. Whether we like it or not, Joe is going to be out on the street again, and Society is faced with another problem. At some point in time we will again have to deal with Joe.

1 **Exhibit -**
2 **The Law Enforcement Growth Industry!**
3
4

1 For the past seventy plus years, since the 1940's, we have been dealing with all of these
2 "Joe's," and what we have been doing hasn't worked. *It is about time to admit that what*
3 *we have been doing has failed. We need to do something new, innovative, and*
4 *different. Whatever we do, it can't be worse than what we are doing now.*

5
6 **Where Did Prisons,**
7 **Jails a.k.a. the Dungeons Come From?**
8

9 ¶44. We know there is a problem, but what do we do about it? There is another fact to
10 examine before the disclosure of a solution. *Where did prisons and dungeons as a form*
11 *of punishment come from?* The answer is lost in antiquity. In the Bible there are
12 numerous accounts of individuals like Joseph, Daniel, Peter, and others being in a
13 dungeon. The pagan nations used prisons and dungeons to punish their criminals and
14 political prisoners.

15 ¶45. The only exception is found in the time of Moses. When the Israelites crossed the
16 Jordan River, they had a different kind of law -- a common law (substantive law) based
17 upon substance, land, and labor.

18 ¶46. The common law (substantive law) and rights at law that our Constitution and the
19 Bill of Rights guarantee to each and every one of us is based upon substance. The
20 connection between the Ten Commandments, the Constitution and the Bill of Rights,
21 and substantive law is bound up in this axiom of law, *"If there is a remedy 'at law,'*
22 *Equity cannot prevail."*

23 ¶47. James Madison, the father of our Constitution, made reference to this when he said
24 that the Constitution was tied to the principle that we assume every man will obey the
25 Ten Commandments.

26 ¶48. American common law came from English common law, but its roots are at Mount
27 Sinai. Moses brought the law down from the Mount, and it is recorded in Exodus 20.
28 The next five chapters of Exodus contain the criminal codes. They are short and precise.
29 *There were no prisons, dungeons, or political prisoners.* The Israelites borrowed the

Exhibit -
The Law Enforcement Growth Industry!

prison system from the Romans, Egyptians, and Babylonians. We have that system in use in America today, and it is unusually cruel to lock a man or women up like an animal.

¶49. The act of punishing a victim of a crime by taxing him to house, feed, and guard the wrong-doer is adding crime upon crime. Let's stop punishing the citizens, stop the useless waste of the criminals' life, and make him pay the cost of his or her wrongdoing. Let's stop the profit in the Law enforced growth industry and use the manpower of the criminal and the law enforcement growth industry to make our lives more fruitful.

Let Us Examine Joe's Case.

¶50. Joe stole \$350 cash, but he also threw the woman's purse away. The victim has suffered a further loss of time, pictures, credit cards, etc. Let's set a value upon the crime. It's a common law crime (involves the loss of life, liberty, and/or property). *The common law is designed to restore property and to remedy damages.* Say Joe's crime is valued at \$50,000, which is excessive, but for the sake of discussion, it's a starting point. Joe gets five years or \$50,000, whichever he prefers. However, Joe is poor, which was the reason for the theft. Now we are going to enforce upon Joe the option of the prison, which no one likes because of boredom, lack of purpose, and humiliation. Since Joe has an obligation let's have him work it off.

¶51. The forests of Idaho are a tinderbox of dry limbs, dead trees, snags, and brush, which, when ignited, burn hot on the ground. The fire then burns up the tree trunks, crowns, and kills the trees, destroying the forest. Take Joe out to Atlanta and put him to work in a productive capacity. It costs less than concrete buildings. Joe is not dangerous. Let's teach Joe the dignity of work and of making restitution to the victim and the taxpayers for the cost of the crime.

¶52. Convict labor is not a new idea; it has been used before. California has used a work camp program in the past. The only problem is that it can easily be abused. The Thirteenth Amendment is not violated by the use of convict labor. Joe will volunteer to go to the Atlanta Idaho Prison Camp to work on forest projects, such as helping with

Exhibit -
The Law Enforcement Growth Industry!

forest fires, replanting trees, cutting diseased trees, and cutting firewood. Joe will be paid \$5 an hour or by piece rate. The more he produces, the more he makes, earning his freedom sooner. Joe owes 10,000 hours at \$5.00 an hour. If he works ten hours per day, six days per week, for three years, he earns his freedom. There is no parole or strings attached. *Joe is a free man and the victim receives her loss in tax credits or direct payments from sales resulting from his labor.*

¶53. Unions and the law enforcement growth industry will resist any change, as they have done so in the past. However, the State is losing more with the present system. No one is hurt by setting convicts to work in our forests, and there are other public projects that unions and other workers are not, or do not care to be, engaged in that could be accomplished. Numerous prisoners have been interviewed and have stated that they would welcome an opportunity to have a chance to work off their sentences.

Common Law Examples
Of Paying for Damages!

¶54. Let's look at the ancient example of common law damages paid for losses suffered.

"If men strive, and hurt a woman with child, so that her fruit depart from her, and yet no mischief follow; he shall be surely punished, according as the woman's husband will lay upon him; and he shall pay as the judge determine."
Exodus 21:22

¶55. Here is an example of common law damages from what we would call a crime today, and would want to imprison this man. Another example is:

"If a man shall deliver unto his neighbor money or stuff to keep, and it be stolen out of the man's house; if the thief be found, let him pay double."
Exodus 22:7

¶56. Here the thief pays double. There are dozens of examples of the common law usage in Exodus 21-24.

**Exhibit -
The Law Enforcement Growth Industry!**

¶57. There are no Biblical examples of letting the victim suffer loss of goods, and then be taxed to support the thief in prison. *This constitutes punishment of the victim, which is unjust because it causes a greater loss to the victim than the thief.*

¶58. If scriptural examples are repulsive to you, then leave God out of the equation. Ignore God and only rely upon our own self-interest. Simple logic tells us that it is in the best interest of all to change our prison system approach to crime and punishment;

1. As a victim what would you prefer?

2. Restitution for the loss, or taxation to pay for the incarceration of the thief?

**The “Manufacturing Crime” Industry
Through Legislative Law Making.**

¶59. *Some years ago a car was stolen, and when it was recovered by the police, they issued the owner a ticket for leaving the key in the ignition.* In other words, for every crime that is committed there may be another crime manufactured by the legislature. Maybe the legislature will pass a law making it a crime to leave your house unlocked. *Then when something is stolen from your house, you will be guilty of a crime---failure to secure your property.* Why should “We The People”, the citizens, even report the theft if he/she is going to be hassled by the police? Oh, the insurance company needs the report. *In this class of crimes (?) The real party of interest is the insurance company.* It is the insurance company that wants you to remove your keys from the car and lock your house. They are the ones who stand to lose profits from your lack of an act, and therefore they want you punished when you fail to perform. *Such legislation is the using of the police powers of a state to enforce private interests* (decreasing claims and increasing profits of the insurance companies).

**Traffic Courts
Local Cities Protecting Private Interests!**

Exhibit -
The Law Enforcement Growth Industry!

¶60. The traffic courts provide a further example of government protecting private interests. Who cares if “**We The People**” speed down the road, especially if that man or woman is in the only vehicle on the road? If we are home and asleep, do we really care? However, statistics tell us that speed kills, and if so, speed causes accidents, and accidents cause claims at the insurance windows. *Claims at the insurance windows cause an increase in operating costs and, therefore, a decrease in profits.*

¶61. The law of merchants has crept in upon us and taken our inalienable rights from “**We The People**”, subjecting us to an alien jurisdiction foreign to our Constitution and Bill of Rights. UNFORTUNATELY, MOST CITIZENS HAVE VOLUNTARILY ACCEPTED THIS SYSTEM OF POLICE STATE TYRANNY.

¶62. Earlier in our history, “**We The People**” had a constitution, law, order, freedom of action, and a lifestyle somewhat different from what we see in our society today. As an example let's look at the traffic code to illustrate how “**We The People**” have enveloped ourselves in Polish-style police state tyranny in the name of so called law and order.

The Traffic Code.

¶63. We begin with the time when there were no traffic laws. Traffic or movement on roads, trails, or highways preceded traffic codes. Whether on foot, in wagons, on horseback, carriage, or stagecoach--there was traffic. In all human endeavor there are bound to be mishaps. *When our common law was in use, the problem with affixing fault without any statutory law was difficult because there was no law against speeding, no stop signs, or pedestrian crosswalks.* When a loss occurred, a long common law litigation was necessary to determine liability and assess damages to the injured party.

¶64. With the advent of the horseless carriage, we began to see the proliferation of traffic law and regulation. As regulation increased, the average free and independent “**We The People**” shifted his/her status "at" law, to equity by entering into a quasi-contract through the use of the drivers license.

1 **Exhibit -**
2 **The Law Enforcement Growth Industry!**
3
4

1 ¶65. Through the use of licenses and permits the age-old rivalry of the equity courts and
2 the common law courts took a decided turn to equity by statute. And the death of the
3 Common law began. ONE HUNDRED AND TEN YEARS LATER, WE FIND THE
4 COMMON LAW IN USE ONLY IN MAJOR CRIMES, AND THE GRAND JURY,
5 FOR ALL PRACTICAL PURPOSES, HAS BEEN ABOLISHED. If "We The
6 People's" Constitution is based upon the common law, and the grand jury is a fixed
7 right pursuant to the Bill of Rights, how can government arbitrarily eliminate the right?
8 Especially since:

9
10 "Where rights secured by the Constitution are involved, there can be no rule-
11 making or legislation which would abrogate them." **Miranda verses Arizona,**
12 384 U.S. 436, 491.
13

14 **How Can Any State Abrogate**
15 **the Entire Common Law by Statute?**
16

17 ¶66. Simply by coercing "We The People" to waive their common law rights under the
18 Constitution by getting "We The People" to volunteer into equity jurisdiction through
19 the use of contracts. The state simply licenses "We The People", inducing them to
20 accept a privilege in place of rights.

21 ¶67. No foreign power, by force of arms or ideology, has enslaved "We The People".
22 "We The People's" lack of understanding of our Constitution and common law
23 heritage, and ignorance of or willingness to obey the Ten Commandments has enslaved
24 "We The People" to this Civil law Jurisdiction. But how this came about is an
25 interesting story.

26 **The "Common Law"**
27 **In Use Around 1900 In America.**
28

29 ¶68. Let's go back in time to the turn of the century when our common law was in use
30 and visualize this scene. A wagon loaded with mining supplies is traveling northbound
31 from Boise to Idaho City. A surrey, loaded with a family of six, is traveling south from

**Exhibit -
The Law Enforcement Growth Industry!**

Idaho City to Boise. When approaching each other, the vehicles collide head-on, killing three horses and injuring three children in the surrey. The driver of the wagon is killed. The property damage is hundreds of dollars.

1. Who sues whom and for how much?
2. Who was the party damaged?
3. Was the driver of the wagon drunk?
4. Was the driver of the surrey speeding?
5. Who was negligent?
6. Is there a third party insurance company involved in the action?

¶69. At the common law, this case would be very costly in terms of time and money to litigate. But both parties have rights and the issue must be litigated in the courts and a jury must decide the law as well as the facts in this case.

¶70. *Then the automobile appeared on the scene and the insurance companies saw a way to make billions in premiums, if they could keep claims at a low level.* As more cars appeared on the roads, accidents increased, and losses to insurance companies increased. Someone somewhere in the insurance business said,

"We are having a lot of claims on these automobiles--how can we cut costs and increase profits."

¶71. One of the biggest problems was of that determining liability in accidents, as there were no rules of the road and only common sense prevailed. Without written rules and regulations it was very difficult to affix responsibility. For example:

1. Was anyone speeding? There were no speeding laws.
2. Was anyone drinking or drunk? There were no laws against drinking and driving.

Exhibit -
The Law Enforcement Growth Industry!

3. **Who crossed the center line?** There were no laws telling either driver which side of the road he should be driving.
4. **Did the drivers have insurance?** There were no laws compelling a driver to have insurance.
5. **Were the drivers licensed?** There were no licensing laws.

Traffic Laws – Who Needs Them?
“Mercantile Interests”

¶72. Now we begin to see the alleged need for traffic laws. Who really needed the traffic laws? The courts and the insurance companies, of course! *The insurance companies needed traffic laws for economic reasons and the courts needed them to expedite cases in litigation.* Whether the traveling public needs traffic laws for their health, safety, or protection was not, nor would it ever be the prime motivating factor in the passing of traffic or any other law.

¶73. Mercantile interests proposed new laws through various governmental **AGENCIES**, and lobbyists and the legislature were duped into believing it was in the best interest of the general welfare of “**We The People**”, the citizenry, *and the **DESIRES OF PRIVATE INTERESTS** became statutory law.*

Fictitious Insurance Company
“RIPMEOFF, INC.” Boardroom Meeting.

¶74. For the sake of discussion, let's go into the boardroom of a fictitious insurance company called “RIPMEOFF, INC.”, and listen in as they discuss the surrey-wagon accident. The Chairman of the Board, “Morrice Profitsmuch”, calls the meeting to order and announces, “The purpose of this meeting is to discuss ways to increase profits and cutting costs (*or overhead*).” The chair recognizes “Albert SuckemIn”. “SuckemIn” begins by suggesting that the “RIPMEOFF, INC.” go all out to sell collision, public liability and property damage insurance to everyone who owns a vehicle. He points out

Exhibit - The Law Enforcement Growth Industry!

that just selling insurance to business highly limits sales, and if “RIPMEOFF, INC.” could expand this business to the general public, profits could be staggering. It will increase sales and revenue, and therefore profits will rise. But the question, gentlemen, is how can we convince ordinary citizens, “We The People”, to buy this kind of business insurance? IN THE PAST INSURANCE HAS ALWAYS BEEN APPLIED TO RISKS IN BUSINESS NOT TO INDIVIDUALS. For the answer to that question let's examine a recent accident. There was a head-on collision last year between a wagon insured by “Sucker A. Day Insurance Co.” and an individual insured by our company “RIPMEOFF, INC.” After the case was settled, the court found the individual who was driving the surrey guilty of negligence, and he couldn't pay the damages. Management of “RIPMEOFF, INC.” will use this scare tactic, with newspaper adds showing the artist's conception of the wreck and the family farm being seized by the sheriff while the wife and kids stand by crying as their home is taken from them. It will be dynamite. A new growth industry will develop within the insurance industry. Ordinary “We The People” will be lining up to buy insurance on their cars. The year 1900 will go down in history as the year of the auto insurance policy. And we all know that these vehicle accidents are so rare that we will hardly ever pay over a claim. Boys, I tell you, we will make a killing." Board Chairman, “Morrice Profitsmuch” takes a vote. Everyone is excited about the future of the auto insurance policy. Sales climb, agents abound, and the public buys insurance to protect them from loss of their farms and property. For only a small premium, they get all the protection they can pay for.

Driving Laws

¶75. "RIPMEOFF, INC." 1910 BOARD MEETING---The chairman of the board, Mr. Profitsmuch, begins by saying,

"I've called this meeting to discuss ways for us to cut costs and increase profits."

Exhibit -
The Law Enforcement Growth Industry!

¶76. The chair recognizes Andrew W. Sawbucks. Andrew-- Sawbucks rises to speak and addresses the board as follows:

"Our biggest problem with costs is claims. Our losses to claims is staggering. We never dreamed there would be so many automobiles and accidents. People are simply too reckless and careless. This is especially true of accidents that occur at intersections. I think what we need is a method to regulate traffic at intersections. If we could force vehicles going one way (for example east and west) to yield to vehicles going the other way (north and south), we could readily determine liability.

"I think what we need is a stop sign law. Here is how it would work. We would put up signs at busy intersections that say STOP. If an accident occurs at this intersection, all we have to do to establish who is at fault by looking at who failed to stop. This will fix liability and save money in costly litigation. I propose we send lobbyists to the various state legislatures to sell them the idea of a system of traffic regulations, such as STOP signs, driving on only one side of the road, etc. We should be able to sell the idea because all accidents affect a public interest, and the regulation of traffic will make it safer for everyone on the roads.

"We should proceed cautiously, but in the name of health, safety, and welfare of the people. This will at first seem like regulation and regimentation, and may elicit reactionary hostility by certain Constitutionalists who will claim that these laws violate their rights. However, these regulations are so slight that the majority of the people should go along with the idea, especially in the cities. Initially there will be resistance to applying these laws in the rural areas, but after a few generations resistance should decrease. BESIDES MOST WILL ACCEPT THE RULES AND THEY WILL NOT BE ENFORCED AS LAW. THE REGULATIONS WILL ONLY BE USED AS EVIDENCE IN COURT TO ESTABLISH FAULT WHEN A LOSS OR DAMAGE OCCURS."

¶77. Obviously, the board bought the plan and it was set in motion. Soon all states had driving laws. No mention of any loss of rights was mentioned. The insurance company has a large financial interest to protect, so the money they spend is spent to make more money. *Since there is no financial interest in rights, there is seldom any resistance to these new rules and regulations.*

Exhibit -
The Law Enforcement Growth Industry!

¶78. In the early days, these rules were not enforced as criminal statutes with pains and penalties because there were common law protections, and it did not appear that anyone had lost rights. When a loss or damage occurred, there was no loss of rights because the common law would simply use the statute as evidence to establish fault.

Record Keepers

¶79. "RIPMEOFF, INC." 1920 BOARD MEETING --- A meeting of the board of directors is called. The new chairman of the board is "David Rocky Fooler". He begins by saying,

"I've called this meeting to discuss ways for us to cut costs and increase profits."

"John Squeeze M. Dry" is recognized and rises to address the board:

"Our biggest problem is company jumpers and the repeated claims of some of our own policyholders, who have numerous accidents. Both have limited liability for their debts through our coverage. They drive carelessly and, as a result, there are too many accidents. I think that what we need is a RECORD-KEEPING SYSTEM among companies. This would give us the ability to refuse to insure unsafe drivers. At the current time if we cancel a person's policy, he simply goes to another company which has no knowledge of his poor driving ability. The cost of each company keeping such records is prohibitive. Therefore we need statutory authority for each state to keep track of drivers and their ability to drive, or lack thereof. We need everyone who has a policy to have a license. That way we will have at our disposal a person's driving record before we insure him.

"To accomplish this we need some way to sell a licensing program to the states and our policyholders. Selling our policyholders on the idea will be easy as we can simply offer lower rates for those who obtain a license and apply higher rates to those who won't. The states will be a little harder to sell. We need to sell them the idea of safety. Each should have a drivers education program to insure that everyone who drives an automobile is competent to do so. Then the states can issue a license of competency. When they have tested those who have insurance policies it should reduce our claims, as all policyholders will be educated in the same rules of the road.

Exhibit -
The Law Enforcement Growth Industry!

"There may be some people who will complain about rights violations. But here again, no one should complain too much because of the financial savings to the insured. The states can claim that the purpose of this new statute is to provide safety for the people as well as lower insurance rates. NO ONE WILL LOSE ANY RIGHTS BECAUSE THE NEW STATUTES ONLY APPLY TO INSURANCE POLICYHOLDERS, AND POLICYHOLDERS WILL HAVE AGREED, BY CONTRACT, TO GIVE UP THEIR RIGHTS, AND THEY WON'T EVEN REALIZE IT!"

**Mandatory Licensing Law
And Insurance.**

¶80. 1930 BOARD MEETING "RIPMEOFF, INC.": --- "David Rocky Fooler" begins by saying,

"I've called this meeting to discuss ways for us to cut costs and increase profits. The chair recognizes Attorney Shrewdness."

Mr. Shrewdness rises and addresses the board:

"All drivers should be licensed to drive. There are too many cases where people drive cars without licenses or insurance, and have accidents with those who do. This is causing a lot of expenses in court time and it is still difficult to get a settlement paid from an uninsured person. What we need is a MANDATORY LICENSING LAW and INSURANCE so that all persons can be treated the same. Besides that, if there is mandatory insurance, just think of the new policyholders we will get. With so many new customers, we can reduce the cost even more.

"The state will keep records on drivers, suspend driving privileges, keep poor risks off the road, and give us the means to identify poor risks and charge them more in premiums. We may even come up with an assigned risk program for these bad drivers. ANOTHER BENEFIT IS THAT ALL LICENSED DRIVERS WILL BE REMOVED FROM THEIR COMMON LAW STATUS TO CONTRACT. They will no longer drive as a matter of right, but of privilege. This will expedite court proceedings. There will no longer be a need to try traffic cases at law. Traffic cases can be tried in summary proceedings just like lawyers are tried in summary process when charged with misconduct in practice."

Exhibit -
The Law Enforcement Growth Industry!

¶81. The board was ecstatic with the new mandatory insurance and licensing proposal. They quickly approved the plan and sent their lobbyists to the legislatures, who promoted the new licensing laws to **"We The People"**. **"We The People"** loved it because their insurance rates went down. Besides, having a driver's license became sort of a status symbol.

Stringent Enforcement of the Traffic Laws.

¶82. 1940 **"RIPMEOFF, INC." BOARD MEETING.** --- The new chairman, "Paul Worberger", called the meeting to order and began by saying that,

"he called this meeting in order to cut costs and raise profits".

A board member rises and says that,

"I think we need stringent enforcement of the traffic laws. If people were harassed by a police force and made to pay a penalty every time they broke the traffic code, it should make them more careful, which should, in turn, reduce claims against the company and therefore increase profits. Besides, such a program should be easy to sell the states as they will get revenue from all of the violations of the traffic code. The states always need money and their income from this source would be unlimited as the more violations they cite the more money they make. We can sell it as a self-supporting program to decrease traffic accidents, which will benefit the general welfare of the public at large.

"Statistically when a driver breaks one of the rules, we know that he is three times more likely to have an accident, and our claims window is three times more vulnerable. We need policemen out on the streets, writing tickets and enforcing our traffic laws in the same way they would enforce any law.

"This will be popular with the people. We will tell them we are going to make the streets and highways safer for them. To sell the new law and order program, we will show the people the accidents that are particularly gruesome, just like we do when we sell them a life insurance policy in their living rooms. We will support prosecutors running for office on platforms of

"law and order." Soon we will have the people obeying traffic laws just like any other law. They will fear punishment and loss of property and will drive more carefully. This will cut our claims and increase profits."

Equity Proceeding in
Executive Police Court Chancery

¶83. 1950 "RIPMEOFF, INC." BOARD MEETING. --- The new chairman of the board is "Harold Stratison" and he calls the meeting to order. He says,

"we need ways to cut costs and increase profits."

¶84. An old time board member, a lawyer and ex-prosecutor, rises and begins by saying:

"I think what we need is a streamlined court procedure for dealing with this enormous load of traffic crime. The courts are plugged up with the enormous load of cases. The people are angry with the slow process of their cases. A man goes to court and is away from his job all day. If he pleads not guilty, the costs get way out of hand. What is even worse is that there are too many cases being thrown out of court or dismissed without a judicial determination, especially where a citation was issued in a case where an accident has occurred. That adds to the later costs of litigation.

"We need an EQUITY PROCEEDING IN EXECUTIVE POLICE COURT CHANCERY to adjudicate these traffic cases. When executive summary proceedings are held, the time it takes for each case can be reduced to seconds for guilty pleas and minutes for not guilty pleas. Trials need not be by jury in equity, but I think we should keep the jury process for good public relations. On the surface it will appear as if these are common law courts and juries.

"This will be popular with the people, popular with the courts, and profitable, both for the claims window of our company and also for the taxing districts. RIGHTS WILL NOT BE AN ISSUE SINCE THERE WILL NOT BE ANY CONSTITUTIONAL QUESTIONS RAISED. Now that everyone has a drivers' license, they all drive under privilege in equity -- not at law by right. This proposal will speed up justice, create more revenue for courts and taxing districts, cut our costs at our claims window, and be popular with the people."

The board approved overwhelmingly.

Drivers Education

¶85. 1960 "RIPMEOFF, INC." Board Meeting. We need driver's education. A meeting of the board of directors is called. The new chairman of the board is "John D. Doubletalk". He calls the meeting to order and says,

"I've called this meeting to discuss ways for us to cut costs and increase profits."

¶86. A middle-aged man, an ex-school teacher and educator, rises and says:

"The automobile is no longer just a novelty or a toy--it is a necessity. Our greatest losses at our claims window are now caused by the young driver, between the ages of 16 and 25 years of age. I propose a propaganda campaign aimed at putting driver's education into every high school in the country as a mandatory subject on an equal footing with math, English, and civics. Here is how the program will cut costs and increase profits. In order for a young person to get a drivers license, he must enroll in the mandatory drivers education program. He must buy insurance and pass the course. WE WILL EDUCATE HIS YOUNG MIND TO THE NEED FOR INSURANCE AT THE SAME TIME WE SIGN HIM UP FOR THE EQUITY JURISDICTION. We will, in short, have the perfect equity subject in total admiralty jurisdiction. Within a generation, no one will even bring up the subject of rights in the traffic courts. We will teach him that to change lanes without signaling will cost him a \$40.00 fine. The subject of corpus delicti, or loss of life, liberty, and property at law, will be an acronym. The new equity man will always react to law in a positive way. When he breaks a rule, he will always plead guilty because he has been taught to know and fear the law and rules.

"The citizen will always know when he is guilty. He will no longer have to be concerned with archaic old common law rules like "intent", "corpus delicti," "victim," "loss," "property," or other complicated rules that cloud the facts. When he fails to register his car, the officer gives him a ticket and HE KNOWS HE IS GUILTY BECAUSE THE LAW TELLS HIM SO. The best way for us to increase profits and cut costs is to educate and create our own customers from their youth."

The board was wildly enthusiastic and adopted the educator's proposals.

Consumer Protection Laws.

¶87. 1970 "RIPMEOFF, INC." Board Meeting: We need laws to insure safer products. A meeting of the board of directors is called. The new chairman of the board is "Ralph Nager". He calls the meeting to order and says:

"I've called this meeting to discuss ways for us to increase profits and cut costs."

A young man jumped to his feet and said that:

"The losses suffered by our claims window can be traced directly to unsafe products. Some of these products are unsafe at any speed. Let me give you an example of these unsafe products that cost us profits and add to our claims losses. Take the seat belt for example. When seat belts are used by passengers, our losses to claims are cut in half. I propose that we push for CONSUMER PROTECTION LAWS so that we can control the product that people buy. If we control the product as well as the use of the product, it will cut costs and increase profits."

The board was ecstatic.

Mandatory Insurance.

¶88. 1980 "RIPMEOFF, INC." Board Meeting: We need mandatory insurance. A meeting of the board is called. The new chairman is "John V. Eggars".????? He calls the meeting to order and says,

"I've called this meeting to discuss ways for us to cut costs and increase profits."

¶89. A young salesman, new to the board, address the group and says that:

"Many people drive on our roads who are not insured. They drive an old car worth \$100.00, and when they have an accident, they always hit a Porsche. Then, without any insurance, they can't pay the damages and we end up paying for the Porsche. I think we need a law that requires every driver to carry

Exhibit -
The Law Enforcement Growth Industry!

insurance. This will not cut down on claims, but it will guarantee that every car is paying a premium. This will increase sales. It will cut losses at the claims window and increase profits. The people will love it because it will be more fair to the insured. They will reason that if they have to have insurance, why shouldn't everyone?"

The board was ecstatic.

Total Protection
Ban on All Hazards.

¶90. 1990 "RIPMEOFF, INC." Board Meeting: We need to ban all hazards. A meeting of the board of directors is called. The new chairman of the board is "Jimmy Cartier"??????? He calls the meeting to order and says,

"I've called this meeting to discuss ways for us to cut costs and increase profits."

¶91. A dour, sober, old man rises and addresses the meeting eloquently by saying:

"For 90 years now, we have been addressing the problem of increasing profits and cutting costs to the insurance industry. I've held my peace for 90 years, and now I have the ultimate solution. It's plain that insurance is for the health, safety, and welfare of the people. It's plain that we, here in the insurance business, are only interested in the security of the people and their happiness. It's plain that we want to give them air without pollution, cars without accidents or injury, and eternal life. And for all of these blessings we only want a small premium. And for this small premium, we will grant you limited liability to remove from you any responsibility for your actions. Today I propose the ultimate insurance policy that will deliver to every policyholder TOTAL PROTECTION FROM EVERY HAZARD IMAGINABLE. I call it the "Padded Cell" policy. We pass a law that requires every person, natural or artificial, to buy this policy just like we do with auto insurance. We place the policyholder in a padded cell to protect him from falls, broken hips, and muggers. We put his car in storage so that he cannot be killed by a drunk driver. We close his factory to eliminate pollution. We take his guns to insure no suicide or accidental shootings. We filter the air into his cell to eliminate any pollutants. We prepare his food to eliminate cholesterol, sugar, white flour and other harmful products that could make him sick, which would make

Exhibit -
The Law Enforcement Growth Industry!

him very unhappy. We keep the policyholder away from any power tools or hobby crafts. This will prevent home accidents. Only sponge baths will be allowed to prevent falling in the bathtub. No more rides on airplanes to prevent death in a crash. No alcohol or any other dangerous drugs. No cigarettes -- this will prevent lung cancer. IN SHORT, GENTLEMEN, WE WILL ELIMINATE EVERY SINGLE POSSIBLE HAZARD FROM OUR POLICYHOLDERS. We will collect the premiums and pay out nothing in claims. The people will love it because they are getting full coverage in limited liability and total security. NO RIGHTS ARE INVOLVED BECAUSE THE POLICYHOLDER IS REDUCED FROM STATUS TO CONTRACT. We cannot lose because there will be no claims. Now all we have to do is determine the premiums."

The board was ecstatic.

The Bottom Line

¶92. The police state imposed upon the Polish people by force in 1945 is no different than the police state "We The People", we Americans, have imposed upon ourselves today. There is one glaring difference in the adoption of the system -- we paid to have our rights subjugated to limited liability of contract. The Poles saved some money. We Americans still have our Constitution and we can reject the limited liability in perpetual debt slavery in feudal texture, whenever "We The People" want to accept responsibility for our actions and debts. The Poles cannot.

¶93. There are not many "We The People" who want to trade their slavery for the rigors of the life of a freeman. But for those few men and women who want to be free, a school is open in Boise, Idaho, called Barrister's Inn, to teach anyone who wants to be free, how to be free.

- **Registration.** Not everyone in America registers his car with his government.
- **Licenses.** Not every man or woman in America asks for government permission to drive or has a license to drive.
- Twenty-two million Americans don't pay the income tax as of 1985.

Exhibit -
The Law Enforcement Growth Industry!

- **Personal or Property Taxes.** There are even some freemen who don't pay personal or real property taxes.

¶94. The flame of freedom is involved. Every one of "**We The People**" who wants to be free can free himself, but no other man can free him. Redress of grievance comes on the courtroom floor, not in a political rally, union meeting, or letter to the editor. The courtrooms are open, and are manned by knowledgeable jurists who will listen to and rule in favor of a man's natural unalienable rights if one knows how to claim them. Or slam the door on a slave in limited liability and leave him in his security. There is no security in freedom. Only boundless opportunity.

¶95. There are thousands of freemen in America, not millions. The masses like security, welfare, limited liability, de-jection in their lives. To claim your rights, you must be compelled to defend your rights on the courtroom floor.

¶96. FOR THIS TO BE A REALITY IN YOUR LIFE, YOU MUST STUDY THE BARRISTERS' INN VIDEO LAW COURSE. CONTACT US ABOUT IT AT: P.O. BOX 9411 BOISE ID 83707 OR CALL US AT: (208) 375-3425. REMEMBER, YOU CANNOT JOIN BARRISTERS' INN, BUT YOU CAN BE A BARRISTER.

DONOR TESTING AGREEMENT

Purpose: I understand that I have been sent to Averest LLC by my health care provider for sample collection and testing. Averest's role and purpose is to competently perform these functions and, by doing so, help me to achieve and maintain sobriety and succeed in my treatment, recovery, and/or supervision program.

Consent: I understand that I am participating in the Averest testing and collection process voluntarily and of my own free will. While I may have to answer to a treatment provider, a case manager, and/or a court, Averest and Averest staff have no authority over me and cannot require me to do anything against my will. I understand that Averest does not set or control any provisions, conditions, or requirements for my treatment or supervision program and that they are merely providing services as ordered by my treatment provider, case manager, and/or judge.

Medical Respect: I understand that Averest is a partner in my treatment, recovery, and/or supervision. Averest will treat me with respect, and I will treat the Averest staff with respect. I also understand that the Averest staff has an important and sometimes challenging job. Similarly, Averest understands that the procedures it performs may be uncomfortable or a source of stress for me. We will each be courteous, non-confrontational, and non-argumentative with one another and with other people in and around the Averest location.

- Test Orders:** Concerning my testing, I understand that I must:
- appear for testing at an approved collection location when randomly selected or otherwise instructed by the court, or my probation, treatment, or similar agency;
 - call the Averest notification line or receive and respond to the Averest text notification promptly and during the day they are received. I understand that I must listen to or read the entire scheduling notification to hear my scheduling information, test location, hours of operation, other messages/alerts, and my confirmation number;
 - pay a pre-determined test fee each time I arrive for my drug test via cash, credit card, my prepaid account, and/or accepted insurance coverage.

Same Gender, Observed Urine Collections: I understand that Averest follows same gender observed urine collection procedures that are approved by my court, case manager, and/or treatment provider and recommended by the National Association of Drug Court Professionals, the American Society of Addiction Medicine, and other similar organizations. I understand that these procedures are designed for my benefit and to help me; I agree to:

- allow an Averest collection technician of the same gender to accompany me into the collection room;
- ensure the Averest collection technician has an unobstructed view of urine flowing from my urethra into the collection cup by removing any shirt or bulky outer garments, raising my shirt above my mid-section and lowering my bottoms to mid-thigh prior to providing a sample;
- comply with other collection protocols as requested by my program. These protocols may include that I provide a mid-stream sample, but in NO case will these protocols include processes that are against Averest policy, including physical contact, any recording (e.g., audio, image, or video), or cavity searches (other than a visual inspection of the mouth during an oral fluid collection);

- Alert my probation officer, case manager, and/or treatment provider as well as the local Averest manager via confidential email at service@averest.com regarding my concerns related to the testing program or collection process.

Test Results: I understand that Averest is not permitted to discuss the results of my tests with me at any time and that test results will be reported directly to the court, my probation or treatment agency and other approved parties.

Consent, Waiver, & Release: I voluntarily and knowingly consent to and agree to participate in the testing and same gender, observed collection process to be conducted by Averest and its employees. I understand that my participation in the Averest testing and collection process is an approved condition of my treatment and/or supervision program, has been voluntarily agreed to by me, and does not constitute a violation of my constitutional rights. Averest does not set or control the conditions of my treatment and/or supervision program. Averest also does not control the actions taken by the treatment and/or supervision program based on the test and information generated by Averest. In consideration of these facts, I agree to release Averest from liability for, and waive my right to sue Averest as a result of any and all claims arising from or related to my participation in the drug testing program and Averest's collection and testing services except to the extent of any claim as to which Averest has been found by a court to have acted with recklessness, with willful misconduct, or in bad faith; provided, however, in no event will Averest be liable for any special, indirect, consequential or, except if it is found by a court to have acted in bad faith, punitive damages. Should a court determine that the foregoing waiver or release is unenforceable, in whole or in part, it is expressly authorized to construe such waiver and release so as to permit its enforcement to the maximum extent permitted by applicable law.

Governing Law & Venue: I voluntarily and knowingly agree that this agreement shall be governed by the laws of the state where services are provided and that venue for any action brought pursuant to this agreement shall be in the local judicial district where those services are provided.

Severability: If any provision of this agreement is or may be held by a court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions shall nevertheless survive and continue in full force and effect without being impaired or invalidated in any way.

Entire Agreement: I HAVE CAREFULLY READ THIS AGREEMENT, I UNDERSTAND ITS CONTENTS AND SIGN THIS AGREEMENT AS MY OWN FREE ACT. CAUSE NO: CR 2019-80661

In accordance with the conditions of probation granted by the Court in the above cause(s) and the provisions of Rule 27.1 of the Arizona Rules of Criminal Procedure, the following plan is consistent with Court orders and necessary to achieve behavior change as imposed by the Court.

NOTICE OF CHANGES TO A.R.S. § 13-805:

Changes have been made to A.R.S. § 13-805, which is the law governing criminal restitution orders. Effective July 20, 2011, when someone absconds from probation, as defined by A.R.S. § 13-105, the Court is required to enter a criminal restitution order for the unpaid balance of any restitution, fines, costs, incarceration costs, fees, surcharges or assessments imposed as conditions of probation.

Criminal restitution orders carry substantial penalties. When the Court issues the criminal restitution order, a judgment is filed against you and recorded at the County Recorder's Office and is also filed with the State of Arizona and the Motor Vehicle Division. It acts as a lien against any current or future property owned in your name including any vehicles owned by you. These liens prevent the registration and transfer of ownership out of your name, until the debt is paid in full. Additional fees and interest may also be added to the total amount owed.

The best way to avoid this is to continue reporting to your probation officer, work toward your case plan goals, and pay off the financial conditions of your probation grant prior to the expiration of probation. By signing below, you are acknowledging receipt of this notice of changes to the law and its requirement of a criminal restitution order for the balance of all outstanding financial conditions of probation if you abscond from probation.

****By signing this form, I acknowledge that I have read, or had explained to me, everything above. I fully understand the Conditions of my probation and my responsibilities to comply with the orders of the Court. I fully understand the Agreement as discussed with my probation officer and I have no additional questions. I was given a copy of this agreement on the date of my signature.**

REVIEW & ACKNOWLEDGMENT OF CONDITIONS OF PROBATION

DEFENDANT Michael Chase CAUSE(S) CR 201980661

On this date, we have discussed and reviewed the Conditions of your Probation and the consequences that could follow if you do not obey them in every detail.

The fact that the Court has set these conditions and that you have acknowledged receipt and understanding of them by signing the document entitled *The State of Arizona Uniform Conditions of Supervised Probation*, is sufficient to enforce your compliance for the duration of your probation term.

At this time, I am further reinforcing the point as your probation officer, that I expect your full cooperation in complying with the orders of this document.

All Conditions of Probation—particularly those left to the discretion of the Probation Officer—will not be altered in any way, except in writing and containing the date and signature of that officer.

In Arizona, a conviction for a new criminal act committed while on probation may carry a sentence of mandatory imprisonment.

****By signing below, I certify that I have received a copy of my *Conditions of Probation* and they have been fully explained to me. I understand that it is my responsibility to comply with the directives of my Probation Officer. My Probation Officer gave me the opportunity to ask any questions, and I have no additional questions as to my expected behavior.**
